TWENTY MILLIONS EXPECTED TO CAST VOTE

MEN, WOMEN EXPRESS OPINION OF PUBLIC MEN

THE BIENNIAL CONGRESSIONAL ELECTIONS NOW BEING HELD

BOTH MAJOR PARTY LEADERS UNEASY OVER THE OUTCOME

By PAUL R. MALLON

(United Press Staff Correspondent)

New York, Nov. 2.—Twenty million or more men and women are expected to go to the polls today to express their judgment of public men and affairs in the biennial congressional elections.

Both republican and democratic leaders were uneasy over the outcome as 50,000 polling places in 47 states were thrown open early this morning to register the political temper of the country.

With control of congress at stake; the administration's endorsements on trial before the high jury of the electorate and the future of prohibition and economic policies at least partially at issue, the balloting assumed ominous potentialities for a non-presidential year.

Thirty-six seats in the republican-controlled United States senate are to be reallocated; 430 members of the stronger republican house of representatives are to be chosen and local officials in 41 states are to be elected. The campaign has been closely if not heatedly contested.

There is more honest doubt surrounding the most important contests than in any congressional election of recent years.

Democrats have a mathematical opportunity to capture control of both the house and the senate for the last two years of Mr. Coolidge's administration. There are 29 republican senate seats and only seven democratic involved in the races. There are 246 republican house seats to be fought over and only 182 democratic. Democrats need nine seats and 36 house chairs for control.

Politicians also see in today's balloting an expression of the country upon the present administration two years after Mr. Coolidge swept the nation, rolling in an unusual majority in congress by a plurality of 7,000,000 votes out of 29,000,000 cast. Although Mr. Coolidge has taken personal part in his home state where his friend, Senator William Butler, republican, Massachusetts, faces an important battle for reelection, the name of the chief executive has been freely used by republican candidates almost everywhere. The slogan has been "stand by the president and elect a republican congress." The outcome is deemed certain to have an influence upon proposals that he seek another term.

Democrats are searching for a hint as to whether the voters have experienced any change of heart since the stunning defeat of the party in the 1924 presidential affair.

Leaders of both parties claimed victory publicly, but privately both sides are extremely doubtful.

Generally republican and democratic leaders agree that the democrats should pick up about four senate seats and perhaps 20 in the house. They have marked the republican senatorial candidates in Maryland, Kentucky, Oklahoma and Arizona for defeat. They figure that the republican candidates in Massachusetts, Missouri and Illinois are skating near the edge. But in the other states they figure that republicans should pull through, though many of the races will be extremely close.

Democratic house gains are expected to be chiefly in New York, Massachusetts, Pennsylvania, New Jersey, Maryland, Ohio, Oklahoma and Illinois.

Although candidates of both parties have largely avoided the subject, prohibition is a curbstome issue in 14 states. Eight states are having referendums upon proposals to change existing laws. New York, Illinois and Wisconsin are polling upon proposals which would permit light wines and beer, although drys have urged their adherents not to participate. Missouri, Montana, California and Colorado are testing sentiment upon their state enforcement acts and Nevada is voting upon a project calling for a constitutional convention to consider the whole liquor question.

Further, eight republican and democratic senatorial candidates are marked as wet or dry opponents and the issue is involved in about 26 contests over representative seats. The tariff has been the big talk-

Minnesota's 15 Hour Siege of Polls Under Way

LAKE TRAFFIC TIED UP BY SNOW AND WIND

Cleveland, O., Nov. 2.—(UP)—Lake traffic was tied up here early today by snow and a heavy wind that sometimes reached a velocity of 70 miles an hour. Three ships rode at anchor outside the breakwater unable to gain the harbor because of heavy seas.

From the north came reports that the Thomas Matham, 300 foot freighter, was being pounded to pieces on the beach six miles south of Two Harbors, Minn. She was said to have run aground in a blizzard yesterday. The heavy wind did considerable damage in the city.

WISCONSIN'S POLITICAL CAMPAIGN

ONE OF MOST EXCITING IN THE STATE'S HISTORY COMES TO END

NUMEROUS UPSETS RECORDED AND RESULTS ARE DOUBTFUL

By J. E. HELFERT

(United Press Staff Correspondent)

Milwaukee, Wis., Nov. 2.—Wisconsin's political campaign, one of the most exciting in the history of state politics, will come to an end today as voters make their way to the polls to elect a United States senator, governor, congressmen, state and county officers and members of the state legislature.

Checking over the campaign from the opening several months ago numerous upsets have been recorded and political experts expressed the opinion upsets were not unlikely today.

The primary election saw the defeat of Senator Irvine L. Lenroot for the republican nomination for United States senator by Governor John J. Blaine, LaFollette progressive and present governor of the state.

It also saw the defeat of Herman L. Ekern, present attorney general and prominent LaFollette progressive, in the race for the republican gubernatorial nomination by Fred R. Zimmerman, secretary of state.

Immediately following the primary numerous independent candidates for the office of United States senator and governor came into being.

Today the voters will find seven candidates in the field for United States senator and six for governor.

Congressional races in different sections of the state are also expected to be close and exciting and much interest is shown in the county and legislative elections throughout the state.

Clear skies and chilly breezes greeted the voters as they went to the polls and from early reports there was every indication the vote would be much higher today than it was at the previous election. Some 350 persons have requested affidavit forms in order to have their votes sworn in at the booths.

CLEAR SKIES FOR WISCONSIN VOTERS

Milwaukee, Wis., Nov. 2.—(UP)—Clear skies and chilly breezes greeted Wisconsin voters today as they went to the polls to choose a United States senator, congressmen, governor, state and county officers and members of the state legislature. The snow which fell yesterday was still evident upon some places but with a bright sun shining out of a clear sky early in the morning, there was every indication it would all disappear before tonight.

ing issue of the campaign. Republicans pointed to the economic condition of the country as proof that the existing high tariff has brought prosperity. Democrats have pointed to textile controversies in New England and the condition of the farmers to support their claim that tariff is not beneficial.

There has been considerable talk in some sections about purity of primaries in view of disclosures of excessive expenditures in Pennsylvania and Illinois. The senatorial candidacies of William S. Vare, Pennsylvania, and Frank L. Smith, both republicans, have been assailed because of large expenditures.

Celebrated Hall-Mills Murder Case at Last Ready For Trial Today at Somerville, N. J.

PIONEER LIMITED IS DERAILED AT COLUMBUS, WIS.

ONLY TWO PERSONS WERE INJURED IN THE WRECK

TRAIN BUMPED OVER TIES AND HIT CANNING FACTORY

Columbus, Wis., Nov. 2.—(UP)—The Pioneer Limited, fast St. Paul road train, was derailed here last night as it speeded westward.

Only two persons were injured. The train left the tracks, bumped over the ties for a short distance and then crashed against the wall of a local canning factory.

Edward Donahue, 34, Milwaukee, engineer, was only slightly hurt despite the fact he stuck to his post at the throttle until the huge locomotive came to a halt. Frank Nitz, Portage, fireman, was injured when he jumped from the cab just before the locomotive left the rails. The wreck, according to train officials, was caused by a huge freight car door falling across the rails from a freight train which had passed by a few minutes before.

Six cars and the locomotive left the rails. Four of these were sleeping cars filled with passengers. None of them were injured, although all were awakened and badly jolted as the cars bumped over the ties.

The mishap occurred shortly before midnight almost within the local business section.

Two baggage cars, which were derailed, were wrecked across the tracks and wrecking crews early today continued their work of clearing away the wreckage and opening up the line, which has been blocked ever since the wreck.

The Pioneer Limited, bound for the Twin Cities, was thundering down the track, no stop being made here, when Donahue spied the obstruction on the rails. He shouted to Nitz and applied the brakes. Nitz hung out of the cab and jumped as the locomotive crashed into the freight car door, while Donahue stuck to his post.

The engine lurched forward as it struck the door, bounced along on the ties for some distance and finally came to a stop when it crashed into the walls of the canning factory.

Back of the locomotive the six cars were derailed, the four sleeping cars, however, remaining upright. Other cars that made up the train remained on the track.

Passengers were jolted about in their berths and there was considerable confusion. Trainmen, however, went through the cars with reassuring reports and the passengers then dressed and left the cars in an orderly manner. They made their way to the local station, where they remained until a special train came and took them to Portage.

FIND SIX MEN GUILTY OF INCITING ANTI-KLAN RIOT

Marquette, Wis., Nov. 2.—(UP)—After 75 hours deliberation a jury in circuit court here found six of nine men guilty of inciting an anti-Klan riot near here last June.

Sentences will be pronounced on Wednesday, according to Judge W. B. Quinlan, who presided.

Those convicted are Clyde Barrett, Leo Bellaire, Harold Bennett, Eugene and Leo Sequin and Neb Villeneuve.

Ray Rove, James Murtha and Mike Shaltry were acquitted.

Once during the 75 hours of deliberation the jurors decided they were hopelessly deadlocked and reported to Judge Quinlan that more effort to reach a decision would be futile. Judge Quinlan, however, urged them to spare the county the expense of another trial and they went into retirement again.

The disorder occurred on the night of June 25 at a meeting which was held in a tent here under the auspices of the Ku Klux Klan. Speakers were heckled, there were many arguments and finally the gathering broke up in a fight. During the confusion someone set fire to the tent.

OUR DAILY QUAKE REPORT; MANILA TODAY

Manila, Nov. 2.—(UP)—Another earthquake, the fifth shock within a week, shook Manila today.

Hundreds of residents rushed from their homes. No damage was reported from the jolt today.

U. S. MAIL TRUCK HELD UP NEAR NEW ORLEANS

BANDITS STOPPED TRUCK AND STOLE SACK OF REGISTERED MAIL

NEAR HARAHAN THEY WERE STOPPED, BUT SHOT THEIR WAY TO FREEDOM

New Orleans, La., Nov. 2.—(UP)—A United States mail truck was held up near Des Treham early today by two motor car loads of bandits, according to reports reaching police here.

The early reports did not indicate the amount of the loot nor did they mention whether the truck was guarded by marines.

The brief report reaching here was that the bandits stopped the mail truck, took one pouch of registered mail and then sped towards New Orleans. Near Harahan, a few miles from here, the bandits were stopped but shot their way to freedom.

MOST BARBARIC DUEL IN HISTORY

2 MEXICANS STAND TOE TO TOE AND BLAZE AWAY AT EACH OTHER

Milwaukee, Wis., Nov. 2.—(UP)—Standing toe to toe, their pistols blazing away as though they were throwbacks from the days of the pioneer, David Alvarez, 29, and Joe Fernandez, 30, Mexicans, fought almost to death here in one of the most barbaric duels in the history of Milwaukee.

Today both men are near death at Emergency hospital, suffering from numerous bullet wounds, the result of the duel.

Police determined the men had decided upon the living room in the home of Fernandez as the dueling spot. After having emptied their revolvers the two men went at each other with their bare fists.

In the fury of battle, they rolled out into the streets, where a crowd soon gathered and both dropped to the sidewalk from exhaustion and loss of blood as police arrived.

When questioned by police, Fernandez' pretty 20-year-old wife, who had covered in her room with her year-old baby during the fight, testified she knew nothing about the duel, except that "it wasn't about her."

Alvarez was a roomer at the Fernandez home.

BAXTER LOSING IN MAINE CONTEST

Portland, Me., Nov. 2.—(UP)—Governor Percival P. Baxter today apparently had lost the four sided contest in Maine's special republican primary to choose candidates for the unexpired term of the late United States Senator Bert M. Fernald.

Arthur R. Gould, of Presque Isle, was leading the governor by 3,371 votes with practically all returns in. The other two candidates, H. C. Buzzell and Louis A. Jack, were running far behind. In 317 cities and towns out of 519, the vote was:

Gould 21,100, Baxter 17,731, Buzzell 9,943, Jack 1,025.

STATE ASKING JUSTICE FOR THE ALLEGED SLAYERS

4 YEARS AND 18 DAYS AFTER RECTOR AND CHOIR SINGER WERE MURDERED

STATE TO ATTEMPT TO PROVE THAT OUTRAGED RELATIVES WERE INVOLVED

By P. W. WHITE

(United Press Staff Correspondent)

Somerville, N. J., Nov. 2.—The celebrated Hall-Mills murder case at last was ready for trial today.

Four years and 18 days after the rector of the Episcopal Church of St. John the Divine, in New Brunswick, was found slain with his choir singer at the scene of their illicit love meeting, the state was prepared to ask justice for the alleged slayers.

The prosecution will attempt to prove that the outraged relatives of the pastor murdered the lovers to end the disgrace that their open affair was bringing on the family.

The trial, which opens in the Somerset county court house here tomorrow, promises to be a long and hard struggle.

Mrs. Frances Stevens Hall, the pastor's widow, and her brothers, Henry and Willie Stevens, will be charged jointly with the murder of the Rev. Edward W. Hall and Mrs. Eleanor Mills. The proud Stevens family, with wealth at its command, will fight with every legal weapon available.

ROYALTY AT WEDDING OF SWEDISH PRINCESS

Stockholm, Nov. 2.—(UP)—The royalty of Scandinavia, Belgium, Great Britain and Italy were represented here today by four kings and others of princely and queenly rank to attend the wedding Thursday of Princess Astrid, 20, niece of the king of Sweden, to Leopold, Duke of Brabant, 25, eldest son of the king and queen of the Belgians, and heir to the Belgian throne. The kings are of Sweden, the Belgians, Norway and Denmark.

Queen Victoria of Sweden, the bride's aunt, was absent in Rome, where she has been for some time seeking to recuperate from a series of heart attacks that menaced her life last summer.

King Albert, Queen Elizabeth of the Belgians and their younger son and daughter arrived today.

Thursday's civil ceremony will not be sufficient to complete the union of Astrid and Leopold to the satisfaction of all concerned. A religious ceremony to be held in Brussels next week will be necessary since Leopold's family is Catholic and the properties must be observed.

BODY OF HOUDINI ARRIVES IN NEW YORK

New York, Nov. 2.—(UP)—The body of Harry Houdini, magician, arrived here today in the airtight bronze coffin from Detroit and was taken directly from the train to a funeral parlor.

Mrs. Houdini, the magician's widow, was in a state of collapse and had to be taken from the train in a wheel chair, in which she had made the journey east.

Relatives, actor friends and representatives of various organizations met the train in company with a crowd of curious bystanders bowed as the coffin was transferred to an undertaker's automobile.

WANTED IN CONNECTION WITH BANDITRY

Chicago, Nov. 2.—(UP)—Wanted in connection with the robbery of the Lee State bank of Dowagiac, Mich., and the First National bank of Columbus, Wis., Edward Williams, 22 years old, was arrested here today by Chicago police. He is being held pending questioning.

PRES. AND MRS. COOLIDGE VOTED AT 9 A. M. TODAY

By WILLIAM J. McEVROY

United Press Staff Correspondent

Northampton, Mass., Nov. 2.—President and Mrs. Coolidge cast their ballots shortly after 9 a. m. today, a few minutes after their arrival from Washington by special train.

Hundreds of persons, including a citizens' committee, headed by Acting Mayor Samuel E. Fyro, greeted the presidential couple on the train's arrival here at 9:02 a. m.

EXPERTS THINK SMITH WILL BE ELECTED

GOVERNOR AL SMITH SEEKING FOURTH TERM IN NEW YORK

SOME OF THE OLD ENTHUSIASM OF ELECTION DAYS APPARENT

By E. W. LEWIS

(United Press Staff Correspondent)

New York, Nov. 2.—The bands had stopped playing today and the candidates had stopped their speaking, while for an interval of 12 hours the voters went to cast their votes to decide who the next governor of New York is going to be.

Most of the experts believe it will be Governor Al Smith, seeking his fourth term as governor, and Senator James W. Wadsworth, Jr., republican, seeking re-election, has the best chance of going to the senate.

The city was strangely old fashioned today. Some of the enthusiasm of the old-time elections days had come back. The east side went wild last night when its native son, Governor Smith, came down on his annual pilgrimage.

Congressman Ogden L. Mills was confident, however, he would reach New York with a plurality of 350,000, which, he said, would mean victory in his race for governor.

The democrats foresaw Smith's election by 130,000 to 200,000. Non-partisan guesses were slightly under that figure. The republicans predict a 125,000 plurality.

The ability of Robert F. Wagner, democratic nominee for United States senator, to trail close behind Smith with his own vote will decide the senatorial contest. If he is close, he will likely win, dopesters believe. If there is a wide margin, Senator Wadsworth will be re-elected.

LIEUT. CONANT BURIED WITH MILITARY HONORS

Washington, Nov. 1.—(UP)—With military honors, the body of Lieutenant Frank H. Conant, one of the navy's star airmen, will be buried tomorrow in Arlington national cemetery. Conant, an entrant for the Schneider cup race at Norfolk, November 11, was killed when his plane crashed in shallow water in Hampton Roads Saturday and his body, recovered Sunday, was taken to Norfolk for removal to his home here.

Conant is the second Schneider entrant to die recently. The other was Lieutenant Harmon J. Norton, whose plane dove mysteriously into mud flats near here.

Last week Conant made two unofficial hydroplane speed marks, clipping off 150 miles an hour and later doing 251½ miles over Long Island. He was 27 years old and was assigned to the bureau of aeronautics here after serving with the fighting plane squadron on the Pacific coast.

PRESIDENTIAL TRAIN CRASHES INTO CAR

Wilmington, Del., Nov. 2.—(UP)—(En route with President Coolidge to Northampton)—The special train carrying President and Mrs. Coolidge home to vote crashed into an automobile at a grade crossing at Aberdeen, Md., early today, completely demolishing the car. The two occupants escaped without injury.

The president and Mrs. Coolidge were asleep when the accident happened. The train was delayed 10 minutes.

HEAVY VOTING IS REPORTED AT CAPITAL CITY

DAY IS COLD AND CLEAR, WITH BRIGHT SUN TRYING TO WARM UP THINGS

SOME PRECINCTS IN HENNEPIN COUNTY REPORT APPARENT INDIFFERENCE

By WILLIAM E. HALLBERG

(United Press Staff Correspondent)

St. Paul, Nov. 2.—Minnesota's 15 hour siege of the polls started at 6 A. M. today. During the first three hours, unusually heavy voting was reported in precincts of Ramsey county (St. Paul). The day was cold and clear, but a bright sun strove to warm things up.

Although some precincts in Hennepin county reported apparent indifference of voters, the many battles that have been waged on Ramsey county political ground were reflected in the greater number of voters who marked their ballots early. The voting, it was said, was as heavy as or heavier than it has been in any past election. A record total was forecast.

Most predictions of the size of the vote in the state stood around the 750,000 mark, but it was conceded that no one would act surprised if the total did not exceed 700,000. Interesting congressional and county fights were the dependance of those who foresaw a heavy balloting.

Representatives in congress, a governor and other state offices, county officials and three amendments to the state constitution were being voted on today.

In the large centers of population including St. Paul, Minneapolis, Duluth and Rochester, organized efforts had been made to swell the vote. These efforts were duplicated in many of the rural districts. The interest of voters in some districts were matched by apathy in others, which all organizations strove to overcome.

An analysis of week-end developments in the campaign indicated to political sages that there had been no last minute reverses in sentiment. The trend, it was declared, was unaltered from one month ago. In the case of many candidates, the die of their political fortune was cast with the result of the primaries, and the general election became nothing more or less than a formality.

Party leaders had urged election workers to exert the utmost efforts to finish tabulating the vote tonight. With the polls remaining open until 9 P. M. the returns from some districts have been slow in past years and pressure was brought to speed them up.

Overcoats, transportation and heated polling places were requisites in the three states of the northwest which joined with 44 other states of the Union in holding general elections today.

Heavy snowfall in the southern part of South Dakota and northwestern part of North Dakota, light snow in some other sections and cold weather everywhere balked the efforts of party workers to kindle enthusiasm except in scattered sections where local issues were compelling.

North and South Dakota held senatorial, congressional and state elections, Minnesota voted on congressional and state candidates and all three states were selecting county officials.

The most exciting race was for the governorship in South Dakota.

United States Senator Peter Norbeck of South Dakota and United States Senator Gerald P. Nye of North Dakota were expected to be returned to Washington in the senatorial elections.

Although a "wet" candidate for governor was up in North Dakota, and three "modificationists" opposed one dry in the congressional fight in Ramsey county (St. Paul) the prohibition issue was not prominent in the northwest.

CRISP AUTUMN WEATHER AT CHICAGO

Chicago, Nov. 2.—(UP)—Cloudy skies, snow and rain of the past few days were replaced by clear, crisp autumn weather as midwestern voters went to the polls today.

The weather conditions pointed to an exceptionally large vote.

Police determined the men had decided upon the living room in the home of Fernandez as the dueling spot. After having emptied their revolvers the two men went at each other with their bare fists.

In the fury of battle, they rolled out into the streets, where a crowd soon gathered and both dropped to the sidewalk from exhaustion and loss of blood as police arrived.

When questioned by police, Fernandez' pretty 20-year-old wife, who had covered in her room with her year-old baby during the fight, testified she knew nothing about the duel, except that "it wasn't about her."

Alvarez was a roomer at the Fernandez home.

BAXTER LOSING IN MAINE CONTEST

Portland, Me., Nov. 2.—(UP)—Governor Percival P. Baxter today apparently had lost the four sided contest in Maine's special republican primary to choose candidates for the unexpired term of the late United States Senator Bert M. Fernald.

Arthur R. Gould, of Presque Isle, was leading the governor by 3,371 votes with practically all returns in. The other two candidates, H. C. Buzzell and Louis A. Jack, were running far behind. In 317 cities and towns out of 519, the vote was:

Gould 21,100, Baxter 17,731, Buzzell 9,943, Jack 1,025.

STATE ASKING JUSTICE FOR THE ALLEGED SLAYERS

4 YEARS AND 18 DAYS AFTER RECTOR AND CHOIR SINGER WERE MURDERED

STATE TO ATTEMPT TO PROVE THAT OUTRAGED RELATIVES WERE INVOLVED

By P. W. WHITE
(United Press Staff Correspondent)
Somerville, N. J., Nov. 2.—The celebrated Hall-Mills murder case at last was ready for trial today.

Four years and 18 days after the rector of the Episcopal Church of St. John the Divine, in New Brunswick, was found slain with his choir singer at the scene of their illicit love meeting, the state was prepared to ask justice for the alleged slayers.

The prosecution will attempt to prove that the outraged relatives of the pastor murdered the lovers to end the disgrace that their open affair was bringing on the family.

The trial, which opens in the Somerset county court house here tomorrow, promises to be a long and hard struggle.

Mrs. Frances Stevens Hall, the pastor's widow, and her brothers, Henry and Willie Stevens, will be charged jointly with the murder of the Rev. Edward W. Hall and Mrs. Eleanor Mills. The proud Stevens family, with wealth at its command, will fight with every legal weapon available.

ROYALTY AT WEDDING OF SWEDISH PRINCESS

Stockholm, Nov. 2.—(UP)—The royalty of Scandinavia, Belgium, Great Britain and Italy were represented here today by four kings and others of princely and queenly rank to attend the wedding Thursday of Princess Astrid, 20, niece of the king of Sweden, to Leopold, Duke of Brabant, 25, eldest son of the king and queen of the Belgians, and heir to the Belgian throne. The kings are of Sweden, the Belgians, Norway and Denmark.

Queen Victoria of Sweden, the bride's aunt, was absent in Rome, where she has been for some time seeking to recuperate from a series of heart attacks that menaced her life last summer.

King Albert, Queen Elizabeth of the Belgians and their younger son and daughter arrived today.

Thursday's civil ceremony will not be sufficient to complete the union of Astrid and Leopold to the satisfaction of all concerned. A religious ceremony to be held in Brussels next week will be necessary since Leopold's family is Catholic and the properties must be observed.

BODY OF HOUDINI ARRIVES IN NEW YORK

New York, Nov. 2.—(UP)—The body of Harry Houdini, magician, arrived here today in the airtight bronze coffin from Detroit and was taken directly from the train to a funeral parlor.

Mrs. Houdini, the magician's widow, was in a state of collapse and had to be taken from the train in a wheel chair, in which she had made the journey east.

Relatives, actor friends and representatives of various organizations met the train in company with a crowd of curious bystanders bowed as the coffin was transferred to an undertaker's automobile.

WANTED IN CONNECTION WITH BANDITRY

Chicago, Nov. 2.—(UP)—Wanted in connection with the robbery of the Lee State bank of Dowagiac, Mich., and the First National bank of Columbus, Wis., Edward Williams, 22 years old, was arrested here today by Chicago police. He is being held pending questioning.

PRES. AND MRS. COOLIDGE VOTED AT 9 A. M. TODAY

By WILLIAM J. McEVROY
United Press Staff Correspondent
Northampton, Mass., Nov. 2.—President and Mrs. Coolidge cast their ballots shortly after 9 a. m. today, a few minutes after their arrival from Washington by special train.

Hundreds of persons, including a citizens' committee, headed by Acting Mayor Samuel E. Eyo, greeted the presidential couple on the train's arrival here at 9:02 a. m.

EXPERTS THINK SMITH WILL BE ELECTED

GOVERNOR AL SMITH SEEKING FOURTH TERM IN NEW YORK

SOME OF THE OLD ENTHUSIASM OF ELECTION DAYS APPARENT

By E. W. LEWIS
(United Press Staff Correspondent)
New York, Nov. 2.—The bands had stopped playing today and the candidates had stopped their speaking, while for an interval of 12 hours the voters went to cast their votes to decide who the next governor of New York is going to be.

Most of the experts believe it will be Governor Al Smith, seeking his fourth term as governor, and Senator James W. Wadsworth, Jr., republican, seeking re-election, has the best chance of going to the senate.

The city was strangely old-fashioned today. Some of the enthusiasm of the old-time elections days had come back. The east side went wild last night when its native son, Governor Smith, came down on his annual pilgrimage.

Congressman Ogden L. Mills was confident, however, he would reach New York with a plurality of 350,000, which, he said, would mean victory in his race for governor.

The democrats foresaw Smith's election by 130,000 to 200,000. Non-partisan guesses were slightly under that figure. The republicans predict a 125,000 plurality.

The ability of Robert F. Wagner, democratic nominee for United States senator, to trail close behind Smith with his own vote will decide the senatorial contest. If he is close, he will likely win, dopesters believe. If there is a wide margin, Senator Wadsworth will be re-elected.

LIEUT. CONANT BURIED WITH MILITARY HONORS

Washington, Nov. 1.—(UP)—With military honors, the body of Lieutenant Frank H. Conant, one of the navy's star airmen, will be buried tomorrow in Arlington national cemetery. Conant, an entrant for the Schneider cup race at Norfolk, November 11, was killed when his plane crashed in shallow water in Hampton Roads Saturday and his body, recovered Sunday, was taken to Norfolk for removal to his home here.

Conant is the second Schneider entrant to die recently. The other was Lieutenant Harmon J. Norton, whose plane dove mysteriously into mud flats near here.

Last week Conant made two unofficial hydroplane speed marks, clipping off 150 miles an hour and later doing 251½ miles over Long Island. He was 27 years old and was assigned to the bureau of aeronautics here after serving with the fighting plane squadron on the Pacific coast.

PRESIDENTIAL TRAIN CRASHES INTO CAR

Wilmington, Del., Nov. 2.—(UP)—(En route with President Coolidge to Northampton)—The special train carrying President and Mrs. Coolidge home to vote crashed into an automobile at a grade crossing at Aberdeen, Md., early today, completely demolishing the car. The two occupants escaped without injury.

The president and Mrs. Coolidge were asleep when the accident happened. The train was delayed 13 minutes.

HEAVY VOTING IS REPORTED AT CAPITAL CITY

DAY IS COLD AND CLEAR, WITH BRIGHT SUN TRYING TO WARM UP THINGS

SOME PRECINCTS IN HENNEPIN COUNTY REPORT APPARENT INDIFFERENCE

By WILLIAM E. HALLBERG
(United Press Staff Correspondent)
St. Paul, Nov. 2.—Minnesota's 15 hour siege of the polls started at 6 A. M. today. During the first three hours, unusually heavy voting was reported in precincts of Ramsey county (St. Paul). The day was cold and clear, but a bright sun strove to warm things up.

Although some precincts in Hennepin county reported apparent indifference of voters, the many battles that have been waged on Ramsey county political ground were reflected in the greater number of voters who marked their ballots early. The voting, it was said, was as heavy as or heavier than it has been in any past election. A record total was forecast.

Most predictions of the size of the vote in the state stood around the 750,000 mark, but it was conceded that no one would cast surprised if the total did not exceed 700,000. Interesting congressional and county fights were the dependance of those who foresaw a heavy balloting.

Representatives in congress, a governor and other state offices, county officials and three amendments to the state constitution were being voted on today.

In the large centers of population including St. Paul, Minneapolis, Duluth and Rochester, organized efforts had been made to swell the vote. These efforts were duplicated in many of the rural districts. The interest of voters in some districts were matched by apathy in others, which all organizations strove to overcome.

An analysis of week-end developments in the campaign indicated to political sages that there had been no last minute reverses in sentiment. The trend, it was declared, was unaltered from one month ago. In the case of many candidates, the die of their political fortune was cast with the result of the primaries, and the general election became nothing more or less than a formality.

Party leaders had urged election workers to exert the utmost efforts to finish tabulating the vote tonight. With the polls remaining open until 9 P. M. the returns from some districts have been slow in past years and pressure was brought to speed them up.

Overcasts, transportation and heated polling places were requisites in the three states of the northwest which joined with 44 other states of the Union in holding general elections today.

Heavy snowfall in the southern part of South Dakota and northwestern part of North Dakota, light snow in some other sections and cold weather everywhere balked the efforts of party workers to kindle enthusiasm except in scattered sections where local issues were compelling.

North and South Dakota held senatorial, congressional and state elections. Minnesota voted on congressional and state candidates and all three states were selecting county officials.

The most exciting race was for the governorship in South Dakota. United States Senator Peter Norbeck of South Dakota and United States Senator Gerald P. Nye of North Dakota were expected to be returned to Washington in the senatorial elections.

Although a "wet" candidate for governor was up in North Dakota, and three "modificationists" opposed one dry in the congressional fight in Ramsey county (St. Paul) the prohibition issue was not prominent in the northwest.

CRISP AUTUMN WEATHER AT CHICAGO

Chicago, Nov. 2.—(UP)—Cloudy skies, snow and rain of the past few days were replaced by clear, crisp autumn weather as middlewestern voters went to the polls today.

The weather conditions pointed to an exceptionally large vote.

Methodist Ladies Aid

The Methodist ladies aid will meet in the assembly rooms of the church Wednesday afternoon, November 3, at 2:30 o'clock. The hostesses will be Mrs. Fred Drexler, Mrs. Harry George, Mrs. Frank Jordan and Mrs. Zierke.

Degree of Honor Card Party

It was announced in last night's Dispatch that the Rebekahs would give a card party this evening, but should have read the Degree of Honor instead. Everyone is invited to attend. A small admission charge will be made.

Hallowe'en Party

Mr. and Mrs. George P. Stein entertained Saturday evening in their apartments in the Ransford Annex at a Hallowe'en party. There were 15 guests present and a typical Hallowe'en program was carried out. With the absence of noticeable static in the atmosphere a radio produced loud, clear sounds and dancing was enjoyed to the utmost, to music furnished by an orchestra from Des Moines. A most delicious lunch was served, the guests remaining until long after midnight.

Wedding Anniversary

Mr. and Mrs. A. L. Masters were surprised Saturday evening, October 30, at their home, 502 F Street N. E. by a group of 25 friends and relatives, the occasion being their wedding anniversary. The out-of-town guests were Mrs. Blanche Bennewitz and family of Royalton, Herman Stall and family, Lee and Frank Allen and family of Pillager. They received many beautiful gifts. Cards were played, after which a most delicious lunch was served.

Episcopal Guild

The St. Paul's Guild of the Episcopal church will meet with Mrs. R. A. Beise at her home 621 North Fourth street, on Wednesday, November 3.

Congregational Church Meeting

The regular monthly supper of the First Congregational church will be held tomorrow afternoon in the basement at 6 o'clock with Circle No. 2 entertaining. The business meeting of the ladies aid will begin at 4:30 p. m.

Presbyterian Ladies Aid

The Presbyterian ladies aid will meet Wednesday afternoon, November 3, at the home of Rev. and Mrs. A. G. Patterson, 512 South Broadway. The hostesses are the Mesdames George Hess, Chas. Varner, L. Hohman Sr., Charles Risk. A large attendance is desired, visitors are welcome.

St. Francis Guild

The St. Francis Guild will hold its regular meeting Wednesday, November 3, in the church hall at 2:30 o'clock. There will be a card party at this meeting and all visitors are welcome. The ladies entertaining are: Mesdames J. W. Koop, J. H. Koop, Geo. Kampmann Sr., Geo. Kampmann Jr., E. J. Kehoe, Fred Kimball, John Kinsmiller, M. Kracher, Joseph Krause, Kate Kelly.

Yeomen Installation

The Brotherhood of American Yeomen held installation of officers at their last meeting. O. I. Bertie, State Manager, was present and installed the new officers. A delightful program followed.

The balance of the evening was spent in dancing, a large crowd of non members being present. Everyone reported a most enjoyable time.

Alderman-Maghan Co.

When a vacation looms in sight for Scouts, they naturally think of a hike or over-night camp somewhere and that is what this is about. Because of the meeting of the M. E. A. in the Twin Cities this week end, the high school and some of the grades will not be in session making it possible for a great old time at Camp Clearwater Thursday, Friday and Saturday. All those that want to go out Thursday morning and stay for one or two or three days should register up at headquarters immediately. Those who can't go out over-night can arrange to get a ride out and spend the day if they like. Everyone should bring his own grub and plenty of blankets and warm clothing. There is only room for sixteen to stay over-night and as there is vacation over the whole Area there will probably not be room for all who want to go.

There's real fun ahead for those that go out, as one of the features will be the building of an Adirondack log cabin in which those who demonstrate the greatest ability during the building will have an opportunity to try out over-night. Who is going to sleep in this shelter made by themselves? Tracking in the fresh new-fallen snow, exploring the woods in winter garb, enjoying a feed you have cooked yourself and the stories and songs around the warm fire in the cabin at night will make a week end for you which you will never forget. Tenderfoot Scouts will not be taken out unless they have special permission from their Scoutmaster and parents.

Don't forget it is necessary to sign up at headquarters if you are going because only sixteen can stay over-night. Those desiring to pass Second Class tests 6, 7 or 8 or First Class tests 6, 8 or 10 can do so by bringing material with them.

Hallowe'en Entertainment

On Saturday evening Miss Nellie Curtis Crosby gave a Hallowe'en entertainment at the Emily hall for the benefit of her school at Perry Lake, between Emily and Crosby. Old time music was played by an old time orchestra, and two steps, waltzes, polkas and quadrille were danced, during the early part of the evening. Prettily decorated baskets were auctioned off and after supper a program of popular dance music was played, the large crowd departing for their several homes at a late hour. A nice sum was realized from the sale of tickets and baskets which will be used by Miss Curtis for the benefit of her school.

Vanishing Bridge Luncheon

Mrs. C. B. Rowley entertained this afternoon at a vanishing bridge luncheon at her home 323 South Fifth street. Three tables were played.

Birthday Party

Mrs. O. H. Nelson, 612 Third Avenue N. E., entertained Saturday afternoon for her daughter Shirley Ann in honor of her sixth birthday. Fourteen children were present. The afternoon was spent playing Hallowe'en games at the conclusion of which refreshments were served.

Baptist B. Y. P. U.

The B. Y. P. U. of the First Baptist church held a Hallowe'en party in the church basement, Friday evening. Hallowe'en stunts and games were enjoyed after which a delicious lunch was served.

Hallowe'en Masquerade Party

Miss Hazel Coyne entertained Friday evening at a Hallowe'en masquerade party at her home 502 Vine street. There were 20 guests. Dancing and games were enjoyed after which a dainty lunch was served.

Hallowe'en Party

Miss Sylvia Swanson entertained Friday afternoon at a Hallowe'en party at her home. There were eight guests. Music and games were enjoyed after which a delicious lunch was served.

Christmas worries will become Christmas pleasures if you choose the gift that only you can give—your photograph.

You are not so busy as you will be in December, so make an appointment now.

Be sure and see Norma Shearer and Lon Chaney at the Lyceum Thursday or Friday in "The Tower of Lies." 12912

Mr. and Mrs. G. W. Chadbourne returned last evening from Northfield where they spent the week end with their daughter Miss Lois who is attending Carleton college.

Others from Pequot who attended "The Big Parade" Sunday evening were Mr. and Mrs. Robert G. Harte, Mr. and Mrs. Julius Nelson, Harold Everhard and Joseph Goodman.

Mrs. Irma Camp Hartley left for Minneapolis where she will attend a meeting of county superintendent of schools. While there she will be the guest of Mr. and Mrs. C. C. Kyle.

Among the teachers that will leave Thursday morning for the Twin Cities to attend the annual convention of the M. E. A. will be the Misses Millena Vanasek, Harriet Sager, Dale Hunting, Pinnoe and Georgia Brown.

Dance at Merrifield hall, Wednesday night. Music by the Jolly Four. Everybody welcome. 12912

Word has been received in the city that Mrs. Caroline Dittmar passed away at the home of her son Eugene Dittmar of Oakland, Calif., where she had been a guest for the past several months. Mrs. Dittmar formerly resided at the Ransford hotel, was an old time resident of Brainerd and has many friends here who regret to hear of her passing.

A Happy Reunion

Mr. and Mrs. Gill Keen of 213 North Second Street were pleasantly surprised Saturday by the arrival of Mrs. Keen's brother and wife, Mr. and Mrs. Dan Dinsmore of Anoka and their son Harold and wife of Missouri, who are leaving soon for New York, enroute to Panama where he will be an instructor for the government along military lines. Edward DeSmidt of Minneapolis and his wife, who is a niece of Mrs. Keen were also of the party. Reminiscences and a general jollification completed a happy reunion.

Methodist Ladies Aid

The Methodist ladies aid will meet in the assembly rooms of the church Wednesday afternoon, November 3, at 2:30 o'clock. The hostesses will be Mrs. Fred Drexler, Mrs. Harry George, Mrs. Frank Jordan and Mrs. Zierke.

Degree of Honor Card Party

It was announced in last night's Dispatch that the Rebekahs would give a card party this evening, but should have read the Degree of Honor instead. Everyone is invited to attend. A small admission charge will be made.

Hallowe'en Party

Mr. and Mrs. George P. Stein entertained Saturday evening in their apartments in the Ransford Annex at a Hallowe'en party. There were 15 guests present and a typical Hallowe'en program was carried out. With the absence of noticeable static in the atmosphere a radio produced loud, clear sounds and dancing was enjoyed to the utmost, to music furnished by an orchestra from Des Moines. A most delicious lunch was served, the guests remaining until long after midnight.

Wedding Anniversary

Mr. and Mrs. A. L. Masters were surprised Saturday evening, October 30, at their home, 502 F Street N. E. by a group of 25 friends and relatives, the occasion being their wedding anniversary. The out-of-town guests were Mrs. Blanche Bennewitz and family of Royalton, Herman Stall and family, Lee and Frank Allen and family of Pillager. They received many beautiful gifts. Cards were played, after which a most delicious lunch was served.

Episcopal Guild

The St. Paul's Guild of the Episcopal church will meet with Mrs. R. A. Beise at her home 621 North Fourth street, on Wednesday, November 3.

Congregational Church Meeting

The regular monthly supper of the First Congregational church will be held tomorrow afternoon in the basement at 6 o'clock with Circle No. 2 entertaining. The business meeting of the ladies aid will begin at 4:30 p. m.

Presbyterian Ladies Aid

The Presbyterian ladies aid will meet Wednesday afternoon, November 3, at the home of Rev. and Mrs. A. G. Patterson, 512 South Broadway. The hostesses are the Mesdames George Hess, Chas. Varner, L. Hohman Sr., Charles Risk. A large attendance is desired, visitors are welcome.

St. Francis Guild

The St. Francis Guild will hold its regular meeting Wednesday, November 3, in the church hall at 2:30 o'clock. There will be a card party at this meeting and all visitors are welcome. The ladies entertaining are: Mesdames J. W. Koop, J. H. Koop, Geo. Kampmann Sr., Geo. Kampmann Jr., E. J. Kehoe, Fred Kimball, John Kinsmiller, M. Kracher, Joseph Krause, Kate Kelly.

Yeomen Installation

The Brotherhood of American Yeomen held installation of officers at their last meeting. O. I. Berlie, State Manager, was present and installed the new officers. A delightful program followed. The balance of the evening was spent in dancing, a large crowd of non members being present. Everyone reported a most enjoyable time.

When a vacation looms in sight for Scouts, they naturally think of a hike or over-night camp somewhere and that is what this is about. Because of the meeting of the M. E. A. in the Twin Cities this week end, the high school and some of the grades will not be in session making it possible for a great old time at Camp Clearwater Thursday, Friday and Saturday. All those that want to go out Thursday morning and stay for one or two or three days should register up at headquarters immediately. Those who can't go out over-night can arrange to get a ride out and spend the day if they like. Everyone should bring his own grub and plenty of blankets and warm clothing. There is only room for sixteen to stay over-night and as there is vacation over the whole Area there will probably not be room for all who want to go.

There's real fun ahead for those that go out, as one of the features will be the building of an Adirondack log cabin in which those who demonstrate the greatest ability during the building will have an opportunity to try out over-night. Who is going to sleep in this shelter made by themselves? Tracking in the fresh new-fallen snow, exploring the woods in winter garb, enjoying a feed you have cooked yourself and the stories and songs around the warm fire in the cabin at night will make a week end for you which you will never forget. Tenderfoot Scouts will not be taken out unless they have special permission from their Scoutmaster and parents.

Don't forget it is necessary to sign up at headquarters if you are going because only sixteen can stay over-night. Those desiring to pass Second Class tests 6, 7 or 8 or First Class tests 6, 8 or 10 can do so by bringing material with them.

Hallowe'en Entertainment

On Saturday evening Miss Nellie Curtis Crosby gave a Hallowe'en entertainment at the Emily hall for the benefit of her school at Perry Lake, between Emily and Crosby. Old time music was played by an old time orchestra, and two steps, waltzes, polkas and quadrille were danced, during the early part of the evening. Prettily decorated baskets were auctioned off and after supper a program of popular dance music was played, the large crowd departing for their several homes at a late hour. A nice sum was realized from the sale of tickets and baskets which will be used by Miss Curtis for the benefit of her school.

Vanishing Bridge Luncheon

Mrs. C. B. Rowley entertained this afternoon at a vanishing bridge luncheon at her home 323 South Fifth street. Three tables were played.

Birthday Party

Mrs. O. H. Nelson, 612 Third Avenue N. E., entertained Saturday afternoon for her daughter Shirley Ann in honor of her sixth birthday. Fourteen children were present. The afternoon was spent playing Hallowe'en games at the conclusion of which refreshments were served.

Baptist B. Y. P. U.

The B. Y. P. U. of the First Baptist church held a Hallowe'en party in the church basement, Friday evening. Hallowe'en stunts and games were enjoyed after which a delicious lunch was served.

Hallowe'en Masquerade Party

Miss Hazel Coyne entertained Friday evening at a Hallowe'en masquerade party at her home 502 Vine street. There were 20 guests. Dancing and games were enjoyed after which a dainty lunch was served.

Hallowe'en Party

Miss Sylvia Swanson entertained Friday afternoon at a Hallowe'en party at her home. There were eight guests. Music and games were enjoyed after which a delicious lunch was served.

Christmas worries will become Christmas pleasures if you choose the gift that only you can give—your photograph.

You are not so busy as you will be in December, so make an appointment now.

CANDIDATES AWAIT VOTERS' DECISION

Flood of Ballots Seen Today to Settle Issues at State

RECORD VOTE PREDICTED

Interest in Election is Keen; Predictions Are Many and Varied

Brainerd and Crow Wing county are experiencing today just what other cities and counties of Minnesota are going through—the tenseness, excitement, doubt, suspense, even praying, that characterizes this great day—election day.

Candidates who for the past month have been on edge in campaigns that have carried them all over the county, to the little inns and out of the country where the average person of Brainerd does not know exists are today awaiting the results of the votes cast by the people for their choice.

Suspense piled upon a month of grueling campaigns has placed the candidates today in a state of excitement which the candidate must meet solely on his reserve strength.

The appeal to voters to get out the vote has apparently taken effect for from the polls today come the reports that the people are out to vote in great numbers. And more than that they are anxious to vote. Not in a half hearted way do they come to the polls but with an eager look on their faces. The predictions are that the greatest vote in the history of Brainerd and Crow Wing county will be polled today.

Polls have been open since 6 a. m. this morning and will be open this evening till 9 o'clock. Today being a legal holiday, the banks, law offices, and other offices being closed, many cast their vote in the day time although a great number are reserving their vote until this evening.

Curb stone politicians and those supposedly of the higher up politics are looking for some surprising results today. Just what the results will be in many offices cannot be predicted until the votes have been counted and officially tendered.

Although great interest is shown in the State election the uppermost interest to the voters of the city and county today is the county election. Then there is also the school question. This also has its varied predictions as to the outcome.

It is expected that today will see a poll of approximately 7,000 votes in the county there being 52 precincts.

WILL MAKE DOLLS

Girls Epworth League Will Send Dolls as Messengers to Japan

The Girls Epworth League society of the M. E. church are cooperating with the World Friendship Among Children committee, of New York in promoting understanding and goodwill between American and Japan by sending dolls as messengers.

The Hina Matsuri, Festival of Dolls, comes each year in March. Ancestral doll treasures are brought out for renewal acquaintance.

Girls and their mothers, too, dress in gala costume, and not only enjoy their own dolls but also visit those of their friends.

Tea and cakes are served to dolls as well as to guests. It is a time for instruction in social graces, in family virtues, in housekeeping and in ancestral history.

The children in the homes, schools, and churches of America are invited to send doll representatives to Japan to attend the next Hina Matsuri, Festival of Dolls.

Those representatives will carry Messages of Goodwill from the givers to those who receive the dolls.

The Japanese Government will supervise the distribution of the dolls to children in the public schools of Japan.

Each doll messenger will need a passport and a railroad and steamer ticket. And, as it starts on its journey, each class or group sending the Messenger will give the doll farewell party or reception.

Everyone interested in promoting goodwill and understanding between American and Japan is invited to have a part in this "doll project."

Dolls may be sent by groups of children in public and private schools; Sunday schools; Young People's Societies; Girl Scout Troops; Camp Fire Girls; Sunday school superintendents; school teachers; Parent-Teachers associations; Women's clubs; lodges, etc.

FARMER'S BOY, FARMER'S WIFE IN FATALITIES

Medford, Wis., Oct. 28.—(UP)—Coroner T. A. Hartwig of Taylor county was busy today investigating the death of a boy in an automobile accident and the death of Mrs. Martin Nowak, 41, in a fire at her home near Holway.

The fire in which Mrs. Nowak lost her life completely destroyed the Nowak farm home. The husband told the coroner he was in a barn

HEDDA HOYT SAYS---

By HEDDA HOYT
STOCKINGS CROW DARKER

New York, Nov. 1.—(UP)—The change from light nude hosiery to darker shades is most noticeable recently.

Gunmetal stockings with black heels and soles are gaining in popularity and they are particularly effective when worn with black patent or black satin shoes. Sheerness is one of the most important factors in hosiery this season and sheer gunmetal is most flattering since it casts shadows which the lighter stocking fail to do.

Next in importance to gunmetal come such shades as medium deep grays, grain, black, blue fox, parchment, mauve taupe, atmosphere and the nude tones.

When a vogue becomes as popular as the lighter nude tones have been it takes some time to see a radical change. Nevertheless we are noticing the return to darker shades wherever

smart women gather. The light pinkish shades in hosiery have almost vanished for daywear. In their place we find the parchment tones which are more nearly the natural color of the flesh. Rose beige and French nude tones are still worn by many women.

Newer gunmetals come in light and dark shades, the lighter tones being more popular at present. These light gunmetals may be worn with gray suede shoes as well as with black shoes but, of course, the black heeled stocking must not be chosen when the shoe is gray since the contrast is too great.

There is a desire at present for very long stockings and many stocking firms are adding several inches to the length of both silk and lisle topped models. Full-fashioned hosiery leads the demand in many shops, it is said.

Many women are now buying three pairs of duplicate stockings at a time since most hosiery shops offer three pairs at a reduced cost. There is a double saving in this 'three

pairs' idea since one can match the mate of a 'run' stocking with one of another pair and thus prolong its wearing capacity.

NEW YORK STATE TO OPPOSE LAKE DIVERSION OF WATER

Washington, Nov. 1.—(UP)—New York state will be allowed to oppose Illinois' diversion of Great Lakes water in the United States supreme court hearing to be started here November 8 by Charles E. Hughes, special commissioner, Chief Justice Taft said today. The suit was brought by Wisconsin, Minnesota and other Great Lakes states.

James M. Beck, representing Illinois and the Chicago drainage district, announced that the states of Arkansas and Mississippi wished to join with the defendants in supporting the diversion at Chicago.

The state already has joined with Michigan in its separate suit against

Illinois and the drainage district and today it asked for permission to join similarly in the earlier suit brought by Wisconsin.

Beck opposed the New York motion, alleging that its amended bill seeks to set up a "proprietary right" of Great Lakes waters.

He said he did not object to New York's joining with other complainants on the allegations already made.

TUESDAY, NOVEMBER 2, 1926

THE SCHOOL BUS DRIVER

WITH the re-opening of schools thousands of children have started their daily trips in motor busses to and from school. That they meet with no mishap on these trips, particularly at railroad crossings, is of vital interest to every family with children of school age and hence it should be their first duty to know that the drivers of the busses are reliable men of mature years, long experience and good judgment. No school boy, garage helper or other person should be chosen merely because he can operate the bus and will do so at little cost. When it is considered these drivers have entrusted to them the lives of as many as 20 or 30 children, too much care cannot be taken to insure their safety. The trip to and from school must be made in all kinds of weather. When it is storming there is a temptation to put up storm curtains which prevent the driver from having a clear view on either side. The desire to be on time for school and to hurry home afterwards leads to a tendency to take chances that are little short of criminal. Unless the driver is fully aware of his responsibility and fully capable of meeting any emergency that may arise accidents are likely to happen which would bring sadness into many a home.

To guard against such a catastrophe every safety measure should be enforced—the most important of which is a reliable and careful driver. The person chosen should be placed under bond for compliance with the state laws with such local regulations as are in effect regarding the transportation of school children. Above all things school busses should stop before crossing a railroad track. No matter how much time may be lost, no matter how stormy the weather, no matter whether no train is due, the school bus should stop to make sure it is safe to proceed before doing so. Every time this precaution is omitted there is a chance that every child in the bus may be killed or maimed. It is too late after such an accident to say, "I didn't think a train was coming" or "I didn't see or hear a train" or "No train was due." The only way is to stop and make sure. It takes a sober minded, reliable man, with a full realization of his responsibilities, to do that day in and day out, but such a man is the only kind thinking persons should entrust with the lives of their children.

WHERE WILL IT END?

PEOPLE who talk about the hatred Europe bears for the United States forget that various countries are still borrowing money from the United States.

The foreign sentiment against the United States seems to have a well-defined motive, says the Staples World. European business men, hat in hand, continue to ask for funds to finance their enterprises—and American financiers continue to fall for it at the expense of American industry.

During the past nine months our investments in Europe reached the huge total of \$890,000,000. The full sum of our investments abroad, taking no account of war debts, is about \$12,000,000,000.

TOM SHOULD BE IN THE NEWSPAPER GAME

WELL past 80 years of age, Thomas A. Edison, the work wizard, likewise a wizard at everything he has tackled, has turned over the presidency of all the Edison companies to his son, in order that he may spend more than sixteen hours each day working in his beloved laboratory.

Tom has always thrived on long-hour days, and we imagine his work has a similarity to that of the country publisher in that there seems to be no end to it and the regulation day not long enough to accomplish the things we want completed before taking up the numerous new tasks always awaiting. We imagine the newspaper game would just satisfy Tom's capacity for work.—*Ironton News.*

THE other day we spoke of the advisability of Minnesota University using a lot of men in its game, following the example of Rockne who carries several strings. Well, Doc Spears followed our advice and in that memorable game with Wisconsin he poked in eight second string men and then the scoring started and we won. This does not depreciate the heroic work of the first string. But it emphasizes the fact that a bunch of second stringers are on their toes and willing to break their necks to make a record.

ONE big point in "The Big Parade" is symbolical of the whole American advance. "And then began the big parade down the roads which was never retraced." It showed the Americans withstanding shot and shell, air and artillery attack, snipers and machine gun fire. On and on went the lines to the finish.

"It is given to a generation to see few personalities like that of Debs," says the St. Cloud Daily Times. "He was opposed to war and went to prison for it. He stuck to his ideals of 40 years though foes excoriated him and friends deserted him."

TEX RICKARD, we believe, never ran a paid advertisement for any of his prize fights. He certainly secured free publicity at the expense of the newspapers.

THERE is great activity around the paper mills at Little Falls and International Falls. Enlargements and improvements are being made.

RADIO lectures on poultry, dairying, hogs, beef cattle, and other related farm subjects is the latest thing to be offered the farmers.

COL. C. D. JOHNSON'S 14 points have secured quite a little publicity. The Little Falls Daily Transcript has published them in full.

SOME philosophers claim democracy is a failure, and those who fail to get elected often think so, says the Motley Mercury.

THE Staples creamery reports an increasing fall business and as the Staples World indicates, is hitting on all cylinders.

DUCK hunting in Minnesota is said to be the best in many years.

BRAINERD
25 YEARS AGO

From the Daily Dispatch

Nov. 1, 1901

Mr. and Mrs. J. P. Walters who have been visiting for a week at Morris have returned to the city.

Mrs. S. F. Alderman and Mrs. E. V. Crane left this afternoon for Minneapolis for a week's visit.

Charles Vandersluis left this afternoon for St. Cloud to take in the Elk blowout tonight.

Manager Bean received a reply from Fargo last night and the local eleven of the high school goes to Fargo tonight to play a game with the team of the high school of that city tomorrow afternoon. The team there is making great preparations for the event and they expect a great game.

There will be a special meeting of the city council this evening in the chambers. The meeting is called primarily to take some action on the matter of additional power for furnishing lights for the city, and the council will hear the recommendations of the electric light committee of citizens named at a mass meeting some time ago to act

in conjunction with the electric light committee.

The committee met some time ago it will be remembered and decided to recommend that the council secure the Parker plant to help tide over the winter. It has been rumored that the city council and C. N. Parker may not be able to come to an agreement on the rental for this plant. It is understood that Mr. Parker asks \$100 a month rental and some of the councilmen have stated that they would strenuously object to paying this much for the plant. The matter will probably be aired tonight at the meeting.

BETTER FARM RETURNS

Potatoes sold in New York a short time ago at the rate of \$7.50 per bushel. Prices in Minneapolis stores were well toward half that amount, but the producers got nowhere near the same returns. There is a misadjustment somewhere. People in both places felt that they were paying plenty—and they were—yet it is safe to say that no one along the line through which these potatoes moved from producer to consumer thought he was getting too much.

The local dealer who bought them from the grower at \$1.60 per bushel and sold them over the counter at

50 cents per peck did not get an unreasonable profit for a perishable commodity. Whether the same ratio of profits governed as the potatoes moved in larger bulk for sale in the big cities could only be determined by an exhaustive investigation; nor could the profits of the grower be definitely known without a large number of factors being taken into consideration. The selling prices to the consumers of these potatoes were, it is true, out of the ordinary, but they are illustrative.

The point aimed at is that returns on farm products are by no means indicated by what the consumer pays. The raising of returns so that farming can make earnings comparable with present day industry and labor is the problem before thinking people. More difficult problems have been solved in America before, and this one will be.

The business men of Brainerd have been co-operating with the producers of farm commodities of this community to help in bringing into play all the practical points of cost reduction possible in farming operations. With the added help, on the marketing or distributing side, of the capable minds of America's business world—that is now assured, the solution of the problem—the stabilization and enrichment of the agricultural industry of the country has reached a stage that can be and that will be highly heartening.

SEEK TO HAVE

PAT McDERMOTT

TELL DETAILS

Canton, O., Nov. 1.—(UP)—Thomas McDermott today tried his hand at forcing his elusive brother, Pat, to recite details of a plot to murder Don R. Mellett, publisher of the Canton Daily News.

The brother a week ago surrendered the "key man" in the murder mystery to authorities. The McDermott brothers were expected to spend most of the day in the cell Pat occupies here. Strong in the belief that his brother did not fire the fatal shot Thomas McDermott hopes to convince Pat that he can save himself by making a statement.

"If Tom is not able to do anything with him, it is extremely doubtful if he ever will talk," G. B. McClintock, county prosecutor, said today.

TUESDAY, NOVEMBER 2, 1926

THE SCHOOL BUS DRIVER

WITH the re-opening of schools thousands of children have started their daily trips in motor busses to and from school. That they meet with no mishap on these trips, particularly at railroad crossings, is of vital interest to every family with children of school age and hence it should be their first duty to know that the drivers of the busses are reliable men of mature years, long experience and good judgment. No school boy, garage helper or other person should be chosen merely because he can operate the bus and will do so at little cost. When it is considered these drivers have entrusted to them the lives of as many as 20 or 30 children, too much care cannot be taken to insure their safety. The trip to and from school must be made in all kinds of weather. When it is storming there is a temptation to put up storm curtains which prevent the driver from having a clear view on either side. The desire to be on time for school and to hurry home afterwards leads to a tendency to take chances that are little short of criminal. Unless the driver is fully aware of his responsibility and fully capable of meeting any emergency that may arise accidents are likely to happen which would bring sadness into many a home.

To guard against such a catastrophe every safety measure should be enforced—the most important of which is a reliable and careful driver. The person chosen should be placed under bond for compliance with the state laws with such local regulations as are in effect regarding the transportation of school children. Above all things school busses should stop before crossing a railroad track. No matter how much time may be lost, no matter how stormy the weather, no matter whether no train is due, the school bus should stop to make sure it is safe to proceed before doing so. Every time this precaution is omitted there is a chance that every child in the bus may be killed or maimed. It is too late after such an accident to say, "I didn't think a train was coming" or "I didn't see or hear a train" or "No train was due." The only way is to stop and make sure. It takes a sober minded, reliable man, with a full realization of his responsibilities, to do that day in and day out, but such a man is the only kind thinking persons should entrust with the lives of their children.

WHERE WILL IT END?

PEOPLE who talk about the hatred Europe bears for the United States forget that various countries are still borrowing money from the United States.

The foreign sentiment against the United States seems to have a well-defined motive, says the Staples World. European business men, hat in hand, continue to ask for funds to finance their enterprises—and American financiers continue to fall for it at the expense of American industry.

During the past nine months our investments in Europe reached the huge total of \$890,000,000. The full sum of our investments abroad, taking no account of war debts, is about \$12,000,000,000.

TOM SHOULD BE IN THE NEWSPAPER GAME

WELL past 80 years of age, Thomas A. Edison, the work wizard, likewise a wizard at everything he has tackled, has turned over the presidency of all the Edison companies to his son, in order that he may spend more than sixteen hours each day working in his beloved laboratory.

Tom has always thrived on long-hour days, and we imagine his work has a similarity to that of the country publisher in that there seems to be no end to it and the regulation day not long enough to accomplish the things we want completed before taking up the numerous new tasks always awaiting. We imagine the newspaper game would just satisfy Tom's capacity for work.—*Ironton News.*

THE other day we spoke of the advisability of Minnesota University using a lot of men in its game, following the example of Rockne who carries several strings. Well, Doc Spears followed our advice and in that memorable game with Wisconsin he poked in eight second string men and then the scoring started and we won. This does not depreciate the heroic work of the first string. But it emphasizes the fact that a bunch of second stringers are on their toes and willing to break their necks to make a record.

ONE big point in "The Big Parade" is symbolical of the whole American advance. "And then began the big parade down the roads which was never retraced." It showed the Americans withstanding shot and shell, air and artillery attack, snipers and machine gun fire. On and on went the lines to the finish.

"It is given to a generation to see few personalities like that of Debs," says the St. Cloud Daily Times. "He was opposed to war and went to prison for it. He stuck to his ideals of 40 years though foes excoriated him and friends deserted him."

THE SEMPER PARATUS CLUB ELECTS
OFFICERS FOR THE COMING YEARMANY STUDENTS WISH TO JOIN
CLUB BUT IMPOSSIBLE
TO ADMIT ALLVERNE McNAMARA HEADS LIST
OF EIGHT OFFICERS WHO
WERE CHOSEN

Thursday morning at 8:30 the Semper Paratus club held its first meeting. Those who were members of the club last year were present and new members will be admitted at the next meeting.

The following officers of the club were elected:

President—Verne McNamara.
 Vice-President—Viola McKay.
 Secretary—Shirley Peterson.
 Asst. Secretary—Zita Miller.
 Treasurer—Edna Turner.
 Asst. Treasurer—Helen Templeton.

Club Reporter—John Fisher.
 Parliamentarian—Sylvia Erickson
 Membership Committee—Helen Marie Stadthauer, Margaret Armstrong and Alta Storm.

There are many students who apparently wish to join the club. Because of the great number who wish to join, it will be impossible to admit all. Consequently several things will be taken into consideration before any individual will be allowed to join. The things which will be considered are:

Interest in the club shown by regular attendance and loyal support.

Experience and ability to do platform work.

Preference is given to Seniors.

The club intends to accomplish a great deal this year and no doubt will, if it has the co-operation of the students and the public as they had in the previous year. Also the fact that Miss Oertling is again in charge of the club promises another successful year.

The members will please remember that three absences without satisfactory excuses presented to the membership committee will cancel their membership.

NORMA DEPARTMENT

The girls of the department spent a week in observing in many of the rural schools near Brainerd. This was looked forward to and enjoyed by all of them as a whole day at a time was spent in this way, the girls driving out in the morning and bringing a picnic lunch. Many were the exclamations and warnings of "keep off my dinner" as the girls were literally "crammed into the car. The schools visited the first day were St. Mathias, in the forenoon, taught by Miss Zawadzki and Miss Quinlen's school in the afternoon. The second day the schools of Mrs. Olson and Miss Buscher, on Thirteenth street, were visited. On Wednesday the girls went to the Woodrow school, where Miss Petersens is teaching. Thursday and Friday observations were made in two of the Oak Lawn schools, taught by Miss Olson and Miss Mickleberg respectively. The girls saw and learned many things that will help them in their future work.

The girls regret the sudden departure of Miss Medley, the recent normal training instructor, to Baynton, Fla. The news took the girls entirely by surprise and it was some time before they could comprehend the situation. Miss Medley expressed her regret at having to leave them and her belief that they would do their best to meet the needs of the new instructor, Mrs. Stone, a former situation. In the interval that Mr. Flynn is scouring the country for a teacher of the high school, will take charge of the department.

Kay Nolan has decided to leave the normal training department and is immediately going to New York where she has relatives. Although we are glad that Kay has an opportunity to do something she prefers to her previous work, we hope that the remaining nine girls will stick to the department until the completion of their training.

Wishing

I have always wished I could be a football man, go to the different towns and play different teams and besides there is always a certain amount of glory in being on the team.

Now I wish it more than ever. It must be such a lot of fun practicing down on the field in three inches of mud and two inches of cold snow. They come back all nice and dry and comfortable. It must be fun.

THE BURGER COLUMN

By HAM and LIM

"A Parfait Night"

The faculty was deciding on a hike before the snow would be banked too high. While arguing over the question is "snowed some more" so JOHN'S SON spoke up, "Well—ER—STED of a hike let's go on a sleighride party."

Miss TORNSTROM enthusiastically jumping up and down exclaimed, "Ya! Just like Roal-ADMUDSON way up in Alaska."

O'BRIEN and LAIPPLE voluntarily cried, "WAN'OUS to bring something?"

The rest of the group seem to say in chorus, "Yes buy a can of VAN BEEK'S beans."

All was settled for a sleigh ride. The night of the great event came. The crowd was comfortably tucked in a sleigh. In fact so tucked in that only their ROSEL-like faces could be seen.

After the prancing team came to a stand still, they emerged from their comfortable positions to stretch. REINERTSON and GIPSON disappeared in the BOWERS of the forest to hunt for cedar boughs. Their object was to make a wreath of CEDARSTRANDS for the queen of the day, Miss OERTING.

A few minutes had elapsed when most blood curdling cries were heard. Miss Reinertson and Gipson were coming toward the crowd at full speed. A GRIDLEY bear had chased them.

"Yes," grasped Miss GIPSON, "the OLD SON of a bear chased us all of two miles. When we looked back we saw BERES FORD the stream."

They were finally calm but the weather was far from being so. A terrible blizzard had come which added more to the exciting event.

Miss DOLVEN, with a SCHOWL on her face, got up on a branch of a tree and called attention, "If please ye listen to my LOHR. We shall go to Yonder HALL."

So terrific was the blizzard that it blew a shoe from off one of the horses. One fortunate thing of the day was that the hall proved to be the shop of a black SMITH.

The blizzard ceased. The shoe was placed on the horse. The crowd was tucked in their sleigh again to return to dear old B. H. S. which is always so quiet and inviting to them.

Physics Class Demonstrates

The Physics classes gave a demonstration in the chemistry room to which the school at large and the faculty were invited on Monday and Tuesday throughout the day. The students performed experiments showing the principles of air pressure, force in liquids and the various other phases of physics which they have studied so far. Each class performed certain experiments during their class period.

"When the students perform the experiments themselves," said Mr. Gridley, the instructor, "they can understand much more easily the principle or idea involved. Seeing is believing, and actual acquaintance with a subject is understanding. Then, too, the individual interest of the student in the subject is encouraged. You know, he added laughingly, "principle and interest are the two things that make for A's on report cards."

Physics, we might observe, is a subject which adapts itself even more than others to such public demonstrations—you need not be ritally interested, yet almost unconsciously your attention is held during the exhibition.

"I gained some knowledge without realizing it," said one observer of the experiments, "some of those things I knew to be facts. I've noticed their action lots of times but never knew 'why' before!"

And there is another topic for discussion. Physics seems to answer the "why" of many an everyday reality. All together the subject which Mr. Gridley teaches seems, at least outwardly, to be a very interesting one.

However, as Mr. Gridley says that there will no doubt be more demonstrations in the future, perhaps next time—?

He also announced that the chemistry classes would demonstrate their ability to juggle chemicals, to the school, some time at the end of the six weeks.

Teacher: "It's right under your nose."

Scholar at board: "I can't see it." Pupil at seat: "Look a little higher; your nose turns up."

ALUMNI

Alice O'Brien, '25, and Mercedes Johnson, '26, both who are attending St. Catherine's College, were home last week-end.

Miss Juel O'Brien, who has held such a prominent place in the memory of the B. H. S. students for the last ten years as instructor in mathematics and as assistant principal for the last five years, was married Saturday to George Siehl. They left for Fort Wayne, Ind., where they will make their home. All of the students, who have had the pleasure of working with Miss O'Brien, unite in wishing her great happiness.

SENIORS, JUNIORS
HAVE PARTIES

SENIOR GIRLS' TEAM WINS BASKETBALL GAME IN THRILLER WITH FACULTY

On the night when ghosts and witches prowled about playing their weird jokes, the Seniors gave a party befitting the occasion. Everyone was assembled in the gym which was appropriately decorated. Here they witnessed a basketball game between the faculty and the girls' team. The members of the faculty wore masks which gave them a bizarre appearance and probably frightened the seniors in such a manner as to cause their defeat. They could not play their best game.

Next we were organized into two groups for a treasure hunt; the leaders were given flashlights; all other lights were turned out and only huge jack-o-lanterns lighted the halls. We had quite a time finding our directions which eventually led to the gym where we found our treasures. Group number one found pennies and group number two found candy kisses.

The Death Chamber was the most ghostly and hair-raising place to go into; the Blue Ghosts' tale just made the cold chills run up and down one's spine.

The various games played in the gym were very ably handled. We certainly have a peppy entertainment committee this year.

Everyone was so interested in games that we had quite a time getting everyone to leave. The sewing room was very prettily decorated in an orange and black color scheme and with witches, pumpkins; even owls leered at everyone. A very dainty two-course lunch was served by the committee who were dressed in orange and black dresses. Everyone read his fortune and some of them were exactly suited to the individual. After lunch we witnessed the humorous wedding of Archibald Hercules (Howard Nicholson) who almost lost his bride, Rosebud Delicatessen (Frank Bane).

Game by Quarters
 First Quarter—Before the ball reached its height on the first toss up, Miss Bowers was injured and was taken to the first aid camp. Misses Van Beek and Wanous as surgical nurses revived the patient. To prohibit delay of the game, Miss Hall took Miss Bower's position at center. With a few hard tries at the net the Seniors sunk two goals. Reinertson fouled. Seniors made the free throw. Seniors 5, Faculty 0.

Second Quarter—Miss Hall got the tip off and with some flashy passing with her teammates, she rung the bank board for two points. With tough opposition the Seniors raised their score two notches just as the whistle blew that ended the half. Score—Seniors 7, Faculty 3.

Third Quarter—Many times during this quarter we thought the teachers would score, but all hopes were banished as the ball fell short at each attempt. With defensive work as the main feature both teams were held scoreless. Score—Seniors 7, Faculty 3.

Fourth Quarter—The fourth quarter was a continuation of the defensive work that took its stand during the third quarter. Helen Beggs fouled. Faculty missed free throw. A last minute score was made by Helen Beggs as the game ended. Score—Seniors 9, Faculty 3.

Final—According to the score keeper, Miss Oertling, the results stood 9-5 for the Seniors and the game for the Faculty.

Junior Party

Oh! These are his eyes—Oooh! Just a small sample of the cries heard as the students were led through the "Chamber of Horrors." It certainly was spooky in the dark basement—the trembling sheets, steeples stairs, weird chairs and the remains of murdered men.

It certainly was a relief to go from here to the brightly lighted gym, and run and play off that spooky feeling. The games were

BRAINERD DEFEATED BY LITTLE FALLS
IN A ROUGH GAME BY THE SCORE OF 6-0

WHO? WHAT? WHERE?

Ruth Smart, a former member of the Senior class, was married Tuesday evening to Clifford Anderson. The class wishes them much joy and happiness.

Miss Smith has given her Short-hand and Typewriting II classes a test to show their ability along those lines. The one for Short-hand is the O. G. A. test, otherwise the Order of Gregg Artists, and the one for Typing is the Award test. These will be given every month.

Don Jones has shown us his ability as an artist by carving a feudal castle from a bar of Ivory soap. If the castles had been that clean we wouldn't have minded if we had lived in that age.

Richard Marshall is attending Macalester College this year and he writes up some of their athletics for the Minneapolis Journal. Dick was athletic reporter on the Brainonian last year.

Miss Bowers and Miss Hall spent the week-end in Minneapolis.

If anyone has an especially good book of games, would they kindly inform one of the Senior entertainment committee? They're searching for ways and means to amuse the dignified (?) Seniors Friday night.

The Seniors held a meeting on Thursday to make plans for a Halloween party. The majority voted to have it Friday night. A very few were in favor of a masquerade.

The following committees were appointed for the coming year:

Refreshment Committee—Dorothy Olson, chairman; Alice Johnson, Vivian Foster, Rachel Evans, Alveda Huseby.

Entertainment Committee—Rose Koering, chairman; Marian Linnemann, Celeste Johnson, Jean Clarkson.

Decorating Committee—Shirley Peterson, chairman; Russell Putz, Dorothy Deering, Wyverne Shranklen.

Coach Beresford

1. Coach Beresford
Of the Brainerd Team,
Is six feet four
And he's a dream.
2. He has blue eyes
And curly hair
Muscular arms
And shoulders square.
3. He has sinewy hands
With a powerful grip
And large flat feet,
That seldom slip.
4. When he dons his new suit
And his flashy bow tie
And his fancy silk socks
He's a regular guy.
5. Clinton's got a
Little Ford Coupe
That'll run on gas
Or tomato soup.
6. There's only one thing
The matter with it
There ain't enough room
For the poor boy to sit.
7. Inside he nearly
Bends in two,
And his high raised knees
Obstruct his view.
8. But Howard C. is
A pretty good guy
And'll win himself fame
In the sweet by and by.

L. W.

Freshman: Father, was Washington as honest as they say he was?
 Father: Of course he was. Why?
 Freshman: Well, why do they close all the banks on his birthday?

entered into with zest and so the Spaniards, Negro mummies, sailors, girlish boys and boyish girls were—soon hilarious.

The first call for lunch was unheeded because the students were having so much fun, but at the second call of the persistent Turkish girl, they went reluctantly to the beautifully decorated sewing room.

Of course, with the first whiff of the food, they realized how ravenous they were. The hot dish, corn and spaghetti, was delicious and the appropriately colored ice cream and cake were soon done away with.

Many of the faculty were present.

DE ROCHER AND FITZHARRIS
OUT OF LINE-UP FOR REST
OF SEASONLOCALS HAD CHANCE TO SCORE,
BUT LOST THE BALL
ON DOWNS

Brainerd lost its fourth game of the season when it was defeated by their ancient enemies on Friday afternoon at Little Falls. The score was 6-0.

Brainerd had two chances to score in the first quarter, but the Little Falls line held and Brainerd lost the ball on downs on the two-yard line.

The Brainerd forward wall played a large part in holding the downriver opponent to one touchdown. Guin and Brown, with the aid of their teammates, broke in and spilled the plays before they got started or for very slight gains.

Brainerd won the toss and chose to receive. Little Falls kicked off to Brainerd. Brainerd failed to gain and kicked to Little Falls. Little Falls on the first play fumbled and Ellison recovered the ball in mid-field. With DeRocher, Putz and Fitzharris carrying the ball, Brainerd brought the ball to Little Falls' two-yard line where they lost the ball on downs. Little Falls kicked to midfield. Brainerd then started another march down the field only to lose the ball on downs as the quarter ended.

The next two quarters were played on even terms with neither team coming dangerously close to scoring. Brainerd attempted a dropkick which was blocked. The fourth quarter opened with Little Falls starting a march down the field which finally ended in a touchdown. The point for free goal was missed. Little Falls kicked to Brainerd. In the last three minutes of play, Brainerd by the use of an aerial attack, brought the ball from their own 20-yard-line to Little Falls' 10-yard line. Here they were stopped by the blowing of the whistle as the game ended.

The game was rich in fatalities. DeRocher was knocked unconscious for some time, while Fitzharris had his arm dislocated. The loss of these two men materially weakened the team and gave Little Falls the edge on Brainerd.

The Older Boys' Conference

Last Sunday morning nine members of the H-Y club, Frank Bane, Cal Orth, Russell Putz, Mauritz Hagerberg, Mark Patterson, Elmer Peterson, Ray Anderson, and Wyverne Shranklen, stood with fear and trembling before nine different congregations in the city and presented their plea concerning the coming older boys' conference. It is to be held Friday, Saturday, and Sunday November 12, 13, 14. Three hundred boys are expected to be present. But taking care of three hundred boys between the ages of sixteen and twenty is a big undertaking; therefore they made these pleas to the various churches.

If all the boys coming to this conference had to stay at a hotel it would cost a great deal of money and as such boys are generally "pretty near broke" the committee in charge is trying to get them taken care of in homes. All they ask is that they be lodged over Friday and Saturday night with breakfast Saturday and Sunday and possible dinner Sunday noon.

Brainerd has had many conferences in the past but few, we believe, with so great an opportunity or good as this one because it deals with boys just in the plastic age and we sincerely hope that the Brainerd citizens will cooperate with the "Y" in putting it across.

Miss Rickard Announces
H. S. Orchestra Concert

Miss Rickard has announced that the High School Orchestra will give its concert the second week in December. The Orchestra will be assisted by choruses from the glee clubs. Much time is being spent on this concert and it should be a success. The Orchestra won much praise last year in the Operetta "Once in a Blue Moon" and established a very good reputation for itself.

The Orchestra has taken on new members. They are: Sophie Brending, Oscar Severson and Joe Romaine.

Hallet C. (comes into school with a new bright colored plaid coat).

Bernard S.: Hey! This is no Indian reservation.

FIRST 'ENGLISH
ESSENTIAL TEST'

The first of the "English Essentials Contest" tests have been given, corrected and compiled. For those who do not know the why and wherefore of the tests, it may be well to explain that the English teachers in many of the towns of Minnesota are waging war against the most common errors in student themes, and are employing this contest as one of the weapons in the effort to improve the work of the students.

The tests are divided into three parts: spelling, punctuation and grammar. Under ideal situations all students should rank high in the tests, but at present some of them go as low as the forties and fifties. All students are urged to improve, for these are the minimum essentials for good writing, and all who would write a good letter must have mastered them.

The different classes stood as follows:

Seniors: 17 100's—lowest mark 70—median 96.
 Juniors: 7 100's—lowest mark 57—median 92.
 Sophomores: 1 100—lowest mark 58—median 87.
 Freshmen: 0 100's—lowest mark 39—median 79.
 School: 25 100's—median 88.

Mixed-Grade Election

The fifth of the class elections of Brainerd High School took place in the Mixed-Grade, Wednesday. With the offices filled by the following a prosperous future is assured.

President—Claude Holden.
 Vice President—Kathryn Sheets.
 Secretary—Lillian Turner.
 Treasurer—John Hoffbauer.

Poetry, Poetry Everywhere and Not
One Bit of Verse.

Teacher and Me
 I love my teacher
 My teacher loves me?
 We're sometimes studying
 Teacher and me.

My teachers' thirty
 And I'm half that sum.
 Oh me and my teacher
 Ain't we got fun?

R. N.: What if I got 100 in every subject?

Mrs. F.: Oh, that would be impossible; you'd be an angel in heaven.

How would the school run, if Howard Brotherson didn't come?

English IV

The English IV students have become artists as well as English sharks. The first period English IV class is the only class who have the masterpieces up for exhibition as yet.

Perhaps you would like to know what it is all about. Well, it is this way. The seniors have been studying Chaucer's Canterbury Tales for the past four weeks. Each student drew one of the characters introduced. If you see any pictures around school that you haven't seen before you'll know it is a horse with one of Chaucer's characters mounted upon it.

Reports on the stories, told by these characters, have also been given. Wm. Fitzharris gave a most interesting account of the Knight's Tale. Hannah Johnson gave one as equally well about the Nun's Priests Tale.

Taken all in all the English IV students have accomplished a great deal during the past few weeks and have discovered geniuses who had never before been suspected as being such.

JOKES

A Boys' Idea of Geese

Little boys with vivid imaginations occasionally unroll some good stuff in analyzing the different animals, both wild and domestic. A little fellow outdid himself in the following essay:

"Geese is a low, heavy set bird which is mostly meat and feathers. His head sits on one side and he sits on the other. Geese can't sing much on account of dampness of the moisture. He ain't got no between his toes and he's got a little balloon in his stomach to keep from sinking. Some geese when they gets big has curls on their tails and is called ganders. Ganders don't half to sit and hatch but just eat and loaf and go swimmin'. If I was-a goose I'd rather be a gander."

Wyverne Shranklen (after breaking four test tubes in Chemistry): "How much do they cost?"

Mr. Gridley: "Well, it depends on how you buy them. If by the dozen, they're cheaper."

How would the school run, if Howard Brotherson didn't come?

Always There

"For an industry that has grown from practically nothing in 25 years, the business of fueling motor cars has become one of the wonders of the industrial world," says a bulletin of the American Research Foundation. "The notable thing about it is that the gasoline is always there."

The achievement of having gasoline ready at any spot where it is wanted has been accomplished through superlative organization by the various units of the petroleum industry. The Standard Oil Company (Indiana) is acknowledged a leader in size—in production—in manufacturing—in distribution.

Gasoline is always there. This is so true that few people realize there is anything "notable" about it.

If you were to drive up to a Service Station of the Standard Oil Company (Indiana) and the attendant were to say, "I'm sorry, but we are out of gasoline just now," you would be surprised, to say the least.

Because you can always get gasoline anywhere you go, you have learned to take its supply and distribution for granted.

Motor to the farthest corners of the Middle West—North, South, East and West. Travel in any of the ten states. Service Stations of the Standard Oil Company (Indiana) are always there ready to supply you with gasoline.

The vast network of Standard Oil Company (Indiana) Service Stations was established that the millions of motorists in the Middle West might have gasoline when and where they wanted it.

This system represents the direct producer to consumer method of distribution, adopted by the petroleum industry, to make petroleum products universally and conveniently available to the people.

The products of the Standard Oil Company (Indiana) are sold directly to the consumer. There is no devious and complicated machinery separating producer and consumer.

The thousands of resellers, garage men and others who sell Standard Oil products because it is profitable are part of this vast chain of direct distribution.

This direct method of complete distribution has naturally tended to lower prices and raise efficiency.

It has brought the Standard Oil Company (Indiana) into direct contact with the people of the Middle West.

Direct contact with its customers has made it possible for the Standard Oil Company (Indiana) to serve them with the highest possible efficiency and good-will.

It has promoted a friendly spirit of mutual understanding between the Standard Oil Company (Indiana) and the people of the Middle West. They know the Standard Oil Company (Indiana) personally.

Integrity of purpose, a policy of frankness and sincerity, and a consistent fairness in all its dealings have earned for the Standard Oil Company (Indiana) the confidence, respect and esteem of millions of people.

THE SEMPER PARATUS CLUB ELECTS OFFICERS FOR THE COMING YEAR

MANY STUDENTS WISH TO JOIN CLUB BUT IMPOSSIBLE TO ADMIT ALL

VERNE McNAMARA HEADS LIST OF EIGHT OFFICERS WHO WERE CHOSEN

Thursday morning at 8:30 the Semper Paratus club held its first meeting. Those who were members of the club last year were present and new members will be admitted at the next meeting.

The following officers of the club were elected:

President—Verne McNamara.
Vice-President—Viola McKay.
Secretary—Shirley Peterson.
Asst. Secretary—Zita Miller.
Treasurer—Edna Turner.
Asst. Treasurer—Helen Templeton.

Club Reporter—John Fisher.
Parliamentarian—Sylvia Brickson
Membership Committee—Helen Marie Stadlbauer, Margaret Armstrong and Alta Storm.

There are many students who apparently wish to join the club. Because of the great number who wish to join, it will be impossible to admit all. Consequently several things will be taken into consideration before any individual will be allowed to join. The things which will be considered are:

Interest in the club shown by regular attendance and loyal support.

Experience and ability to do platform work.

Preference is given to Seniors.

The club intends to accomplish a great deal this year and no doubt will, if it has the co-operation of the students and the public as they had in the previous year. Also the fact that Miss Oertling is again in charge of the club promises another successful year.

The members will please remember that three absences without satisfactory excuses presented to the membership committee will cancel their membership.

There's only one thing
The matter with it
There ain't enough room
For the poor boy to sit.

Inside he nearly
Bends in two,
And his high raised knees
Obstruct his view.

But Howard C. is
A pretty good guy
And'll win himself fame
In the sweet by and by.

L. W.

Freshman: Father, was Wash- ington as honest as they say he was?
Father: Of course he was. Why?
Freshman: Well, why do they close all the banks on his birthday?

entered into with zest and so the Spaniards, Negro mamies, sailors, girlish boys and boyish girls were soon hilarious.

The first call for lunch was unheeded because the students were having so much fun, but at the second call of the persistent Turkish girl, they went reluctantly to the beautifully decorated sewing room.

Of course, with the first whiff of the food, they realized how ravenous they were. The hot dish, corn and spaghetti, was delicious and the appropriately colored ice cream and cake were soon done away with.

Many of the faculty were present.

DE ROCHER AND FITZHARRIS OUT OF LINE-UP FOR REST OF SEASON

LOCALS HAD CHANCE TO SCORE, BUT LOST THE BALL ON DOWNS

Brainerd lost its fourth game of the season when it was defeated by their ancient enemies on Friday afternoon at Little Falls. The score was 6-0.

Brainerd had two chances to score in the first quarter, but the Little Falls line held and Brainerd lost the ball on downs on the two-yard line.

The Brainerd forward wall played a large part in holding the down river opponent to one touchdown. Guin and Brown, with the aid of their teammates, broke in and spilled the plays before they got started or for very slight gains.

Brainerd won the toss and chose to receive. Little Falls kicked off to Brainerd. Brainerd failed to gain and kicked to Little Falls. Little Falls on the first play fumbled and Ellison recovered the ball in mid-field. With DeRocher, Putz and Fitzharris carrying the ball, Brainerd brought the ball to Little Falls' two-yard line where they lost the ball on downs. Little Falls kicked to midfield. Brainerd then started another march down the field only to lose the ball on downs as the quarter ended.

The next two quarters were played on even terms with neither team coming dangerously close to scoring. Brainerd attempted a dropkick which was blocked. The fourth quarter opened with Little Falls starting a march down the field which finally ended in a touchdown. The point for free goal was missed. Little Falls kicked to Brainerd. In the last three minutes of play, Brainerd by the use of an aerial attack, brought the ball from their own 20-yard-line to Little Falls' 10-yard line. Here they were stopped by the blowing of the whistle as the game ended.

The game was rich in fatalities. DeRocher was knocked unconscious for some time, while Fitzharris had his arm dislocated. The loss of these two men materially weakened the team and gave Little Falls the edge on Brainerd.

The Older Boys' Conference

Last Sunday morning nine members of the Hi-Y club, Frank Bane, Cal Orth, Russell Putz, Mauritz Hagberg, Mark Patterson, Elmer Peterson, Ray Anderson, and Wyverne Shranklen, stood with fear and trembling before nine different congregations in the city and presented their plea concerning the coming older boys' conference. It is to be held Friday, Saturday, and Sunday November 12, 13, 14. Three hundred boys are expected to be present. But taking care of three hundred boys between the ages of sixteen and twenty is a big undertaking; therefore they made these pleas to the various churches.

If all the boys coming to this conference had to stay at a hotel it would cost a great deal of money and as such boys are generally "pretty near broke" the committee in charge is trying to get them taken care of in homes. All they ask is that they be lodged over Friday and Saturday night with breakfast Saturday and Sunday and possible dinner Sunday noon.

Brainerd has had many conferences in the past but few, we believe, with so great an opportunity or good as this one because it deals with boys just in the plastic age and we sincerely hope that the Brainerd citizens will cooperate with the "Y" in putting it across.

Miss Rickard Announces H. S. Orchestra Concert

Miss Rickard has announced that the High School Orchestra will give its concert the second week in December. The Orchestra will be assisted by choruses from the glee clubs. Much time is being spent on this concert and it should be a success. The Orchestra won much praise last year in the Operetta, "Once in a Blue Moon" and established a very good reputation for itself.

The Orchestra has taken on new members. They are: Sophie Brending, Oscar Severson and Joe Romaine.

Hallet C. (comes into school with a new bright colored plaid coat).
Bernard S.: Hey! This is no Indian reservation.

FIRST 'ENGLISH' ESSENTIAL TEST

The first of the "English Essentials Contest" tests have been given, corrected and compiled. For those who do not know the why and wherefore of the tests, it may be well to explain that the English teachers in many of the towns of Minnesota are waging war against the most common errors in student themes, and are employing this contest as one of the weapons in the effort to improve the work of the students.

The tests are divided into three parts: spelling, punctuation and grammar. Under ideal situations all students should rank high in the tests, but at present some of them go as low as the forties and fifties. All students are urged to improve, for these are the minimum essentials for good writing, and all who would write a good letter must have mastered them.

The different classes stood as follows:

Seniors: 17 100's—lowest mark 70—median 96.
Juniors: 7 100's—lowest mark 57—median 92.
Sophomores: 1 100—lowest mark 58—median 87.
Freshmen: 0 100's—lowest mark 39—median 79.
School: 25 100's—median 88.

Mixed-Grade Election

The fifth of the class elections of Brainerd High School took place in the Mixed-Grade, Wednesday. With the offices filled by the following a prosperous future is assured.

President—Claude Holden.
Vice President—Kathryn Sheets.
Secretary—Lillian Turner.
Treasurer—John Hoffbauer.

Poetry, Poetry Everywhere and Not One Bit of Verse.

Teacher and Me
I love my teacher
My teacher loves me?
We're sometimes studying
Teacher and me.

My teachers' thirty
And I'm half that sum.
Oh me and my teacher
Ain't we got fun?

R. N.: What if I got 100 in every subject?

Mrs. F.: Oh, that would be impossible; you'd be an angel in heaven.

English IV

The English IV students have become artists as well as English sharks. The first period English IV class is the only class who have the masterpieces up for exhibition as yet.

Perhaps you would like to know what it is all about. Well, it is this way. The seniors have been studying Chaucer's Canterbury Tales for the past four weeks. Each student drew one of the characters introduced. If you see any pictures around school that you haven't seen before you'll know it is a horse with one of Chaucer's characters mounted upon it.

Reports on the stories, told by these characters, have also been given. Wm. Fitzharris gave a most interesting account of the Knight's Tale. Hannah Johnson gave one as equally well about the Nun's Priests Tale.

Taken all in all the English IV students have accomplished a great deal during the past few weeks and have discovered geniuses who had never before been suspected as being such.

JOKES

A Boys' Idea of Geese

Little boys with vivid imaginations occasionally unroll some good stuff in analyzing the different animals, both wild and domestic. A little fellow outdid himself in the following essay:

"Geese is a low, heavy set bird which is mostly meat and feathers. His head sits on one side and he sits on the other. Geese can't sing much on account of dampness of the moisture. He ain't got no between his toes and he's got a little balloon in his stomach to keep from sinking. Some geese when they gets big has curls on their tails and is called ganders. Ganders don't haff to sit and hatch but just eat and loaf and go swimmin'. If I was a goose I'd rather be a gander."

Wyverne Shranklen (after breaking four test tubes in Chemistry): "How much do they cost?"
Mr. Gridley: "Well, it depends on how you buy them. If by the dozen, they're cheaper."

How would the school run, if Howard Brotherson didn't come?

Always There

"For an industry that has grown from practically nothing in 25 years, the business of fueling motor cars has become one of the wonders of the industrial world," says a bulletin of the American Research Foundation. "The notable thing about it is that the gasoline is always there."

The achievement of having gasoline ready at any spot where it is wanted has been accomplished through superlative organization by the various units of the petroleum industry. The Standard Oil Company (Indiana) is acknowledged a leader in size—in production—in manufacturing—in distribution.

Gasoline is always there. This is so true that few people realize there is anything "notable" about it.

If you were to drive up to a Service Station of the Standard Oil Company (Indiana) and the attendant were to say, "I'm sorry, but we are out of gasoline just now," you would be surprised, to say the least.

Because you can always get gasoline anywhere you go, you have learned to take its supply and distribution for granted.

Motor to the farthest corners of the Middle West—North, South, East and West. Travel in any of the ten states. Service Stations of the Standard Oil Company (Indiana) are always there ready to supply you with gasoline.

The vast network of Standard Oil Company (Indiana) Service Stations was established that the millions of motorists in the Middle West might have gasoline when and where they wanted it.

This system represents the direct producer to consumer method of distribution, adopted by the petroleum industry, to make petroleum products universally and conveniently available to the people.

The products of the Standard Oil Company (Indiana) are sold directly to the consumer. There is no devious and complicated machinery separating producer and consumer.

The thousands of resellers, garage men and others who sell Standard Oil products because it is profitable are part of this vast chain of direct distribution.

This direct method of complete distribution has naturally tended to lower prices and raise efficiency.

It has brought the Standard Oil Company (Indiana) into direct contact with the people of the Middle West.

Direct contact with its customers has made it possible for the Standard Oil Company (Indiana) to serve them with the highest possible efficiency and good-will.

It has promoted a friendly spirit of mutual understanding between the Standard Oil Company (Indiana) and the people of the Middle West. They know the Standard Oil Company (Indiana) personally.

Integrity of purpose, a policy of frankness and sincerity, and a consistent fairness in all its dealings have earned for the Standard Oil Company (Indiana) the confidence, respect and esteem of millions of people.

DEMPSEY TO FIGHT AGAIN IN NEW YORK

NEW YORK BOXING COM. GRANTS LICENSE

BUT THE COMMISSION WILL NOT
SANCTION RETURN BOUT
WITH TUNNEY

INFORMATION NOT GIVEN OFFI-
CIALLY, BUT COMES FROM
RELIABLE SOURCE

By HENRY L. FARRELL
(United Press Staff Correspondent)
New York, Nov. 2.—Jack Dempsey, former heavyweight champion of the world, will be granted a license to fight again in New York, but the commission will not sanction a return bout between Dempsey and Gene Tunney, the new champion.

That information cannot be given officially but it comes from the same source which decreed that Dempsey could not fight in New York until he accepted the challenge of Harry Wills.

After a conference last week with Tex Rickard, Dempsey said he was returning to California to resume training, that he would return to the ring if he felt he was in good condition to resume boxing at the end of his preparatory work.

Rickard announced later that Dempsey would apply for a license before he returned to California, but Dempsey left the city without making such a move. However, it is permissible for him to mail an application.

Dempsey's application for a license,

if he makes one, will be acted upon without consideration of what happened in the past and the application will be acted upon favorably for the reason that there is no just reason why he should not be permitted to box in New York.

However, it was pointed out, if Dempsey gets a license and wants to box in New York, he will be considered only as a heavyweight and no favors will be shown him as a former champion.

Unless something happens to deprive him of consideration before the six months expire in which Tunney has the legal privilege of ignoring challenges, Jack Sharkey, who dumped Harry Wills into the second raters, will be regarded as the official challenger.

Sharkey was the first to file a challenge against Tunney.

The commission, although it has had some sorry experiences in fostering elimination tournaments, looks with favor upon the plan of Tex Rickard to throw all the heavyweight candidates into a tournament through the winter months and have the survivor meet Tunney in the next championship bout.

ALONG THE SIDELINES

Ann Arbor, Mich.—Still smarting under the defeat handed them by the Navy the Michigan Wolverines got down to real work today in preparation for the Big Ten game with Wisconsin Saturday. The Wolverines are still hopeful of winning the conference title.

Madison, Wis.—Concentrating on defensive practice Wisconsin began preparation for the invasion of Michigan today. Weak spots exhibited in

the line's play against Minnesota last Saturday were the objects of much concern.

Minneapolis.—Mackinnon and Gibson, right guard and center, seem to have won a permanent place in the Minnesota line. The work of these two men was outstanding against Wisconsin Saturday.

Iowa City.—Work to improve the line began in the Hawkeye camp today. Coach Ingwersen feels that his team will have a chance to defeat Minnesota Saturday if the line can be sufficiently strengthened to hold while the backfield gets underway.

South Bend, Ind.—Scrimmage against a freshmen team using Indiana plays is the center of attraction at Notre Dame this week. Coach Rockne has not yet begun his pointing of the team for the Army game.

Bloomington, Ind.—Louis Briner, star Indiana kicker, is still out of the Hoosier lineup as a result of injuries in the Northwestern game Saturday. The team is practicing hard for the Notre Dame game Saturday.

Chicago.—Fighting with their backs to the wall because of recent defeats, the Maroons of Chicago have settled down to hard practice hoping to polish the team enough to beat Illinois Saturday. Although Illinois is conceded to have a much better team than Chicago, the Maroon fighting spirit against the Illini is expected to carry the team quite a way.

Champaign, Ill.—Remembering the vicious fight that Chicago always gives Illinois, the team is not over confident about winning Saturday. The squad hopes to beat Chicago and then

trim Ohio State to complicate the conference race considerably.

Evanston, Ill.—Northwestern's Wildcats began work on new plays today that are designed for use against Purdue's Boilermakers Saturday. While favored to win the Wildcats are somewhat leery of the Boilermakers.

Columbus, O.—Raskowski, star tackle, will be out of the Ohio lineup for three or four days as a result of a leg injury received in the Chicago game, it was announced today. The team is considerably bruised up, as a result of the Maroon encounter but is expected to be in good shape Saturday.

La Fayette, Ind.—Secret practice is the order for Purdue's football team as Coach Phelan conditions the men for the Northwestern game Saturday. Despite expert predictions favoring Northwestern, Phelan thinks he may see his team win.

New York.—Following a conference between the heads of Syracuse university and West Point, it was agreed to suspend athletic relations between the two institutions for an indeterminate period. The break is believed the result of the football clash between the two college elevens this fall in which players on both sides were injured.

West Point, N. Y.—A light practice began this week for the Cadets' eleven, following their victory over Yale. The team will meet Franklin and Marshall Saturday, an easy opponent, it is expected.

Princeton, N. J.—Jake Slagle, Princeton's star triple threat, took part in his first drill here and will

probably be in the Harvard game Saturday. Slagle had been out for weeks because of injuries.

Lincoln, Neb.—The University of Nebraska Cornhuskers will coast along this week and as no game is scheduled and injured regular backfielders are expected to be in shape for next week's game with the Kansas Aggies after a three weeks rest.

Stillwater, Okla.—Oklahoma Aggies with only two suffering from injuries are scrimmaging hard for their first home event of the season when they play Washington University Saturday.

Milwaukee, Wis.—Coach Frank Murray sent his Marquette University warriors through stiff workouts in preparation for the game with the Kansas Aggies here Saturday. Quite a bunch of cripples came out of the victory over Creighton at Omaha.

TAX ASSESSMENT OF RAILWAY IN SUPREME COURT

Washington, Nov. 1. (UP)—The United States supreme court today granted the South Dakota Tax commission a review of a circuit court of appeals decision won by the Chicago & Northwestern railway, overturning the commission's tax assessment on the road of \$42,000,000 in 1922. The railroad asserted the property should have been assessed at about \$19,000,000.

Here's my smoke- platform

A JIMMY-PIPE with an ample bowl. A tobacco that is mild and mellow, yet not "mollycoddle," if you get me—and you do. You know what I mean . . . mild, yet with plenty of body to let you know you are smoking. A tobacco that smokes cool.

A tobacco that is fragrant in the package, to whet the appetite, and equally fragrant as you smoke it. A tobacco that does not bite the tongue or parch the throat. A tobacco so wonderfully satisfying that you are kept busy smoking and reloading, all day long.

There's only one tobacco in the whole wide world that I know of which meets this platform. Its name is "Prince Albert" and I claim it really is the prince of smokes. More men smoke this tobacco than any other brand, which is important and likewise true.

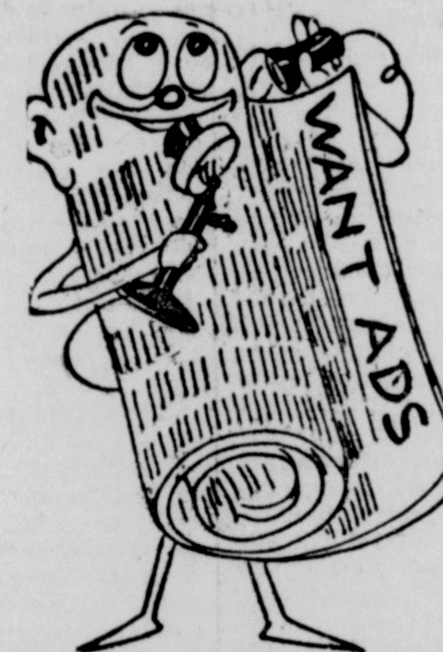

If you are still outside the fold of contented jimmy-pipers, buy a tidy red tin of P. A. today. No matter how satisfied you appear to be with your present brand, try Prince Albert. I promise you a smoke-experience that will be new and delightfully different.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT

—no other tobacco is like it!

DISCUSS NEED OF BUILDING HOSE TOWER

City Council Takes Into Consideration Building of Tower at Fire Hall

REFERRED TO COMMITTEE

City Clerk Authorized to Advertise for Bids on 500 Feet of Fire Hose

When the question came up of purchasing 500 feet of fire hose to keep the amount of hose at the city fire department up to standard, the city council at their regular meeting last night passed a resolution authorizing the city clerk to advertise for bids for the amount of hose required, the bids to be received at the next council meeting.

The matter also brought forth a discussion relative to providing adequate storage and drying location for the hose while at rest at the fire hall.

While opinions were varied, it was generally conceded that a tower was needed for the hanging of the hose. Chief McGinn when asked for his advice told the council that under the present conditions many feet of hose was yearly wasted on account of wear while not in use. He felt that a tower would undoubtedly eliminate this.

The matter was then voiced that with the erection of a tower it would undoubtedly have to be torn down should the council decide to build an addition to the present fire hall unless the hose tower was built where it would not be affected by any change made in the building.

The matter was referred to the City Engineer, Fire Committee and Fire Chief to consider the advisability of building a tower.

The question of advertising for bids for the hose which is an expensive item brought forth another discussion from another angle. Members of the council wanted to know if it would be good business to advertise in supply magazines but Mrs. E. T. Fleenor, city clerk, promptly replied that by advertising in the Brainerd Daily Dispatch all firms desiring to bid on the hose would do so as they all took the local paper. She stated that by advertising for bids in the Dispatch, the council had always received good results. W. J. Lyons, president of the city council also boosted the Dispatch when he stated that the paper was taken by companies all over the world.

W. D. McKay, secretary of the Water and Light Board informed the council that Open Well No. 2 was now completed and ready for its equipment. The council passed a resolution authorizing the city clerk to advertise for bids on equipment for the open well to be opened at a special meeting to be held November 22.

Mr. McKay also requested permission to construct a vault in the basement of the city hall as the present vault which was used by the City and the Water and Light Department was much too small for the business. The request was granted, the expenses to be met by the Water and Light Department.

The matter of purchasing Fire Fyter extinguishers for use on the fire truck was referred to the Fire Committee.

Miss Eula Michael, city health nurse in her report stated that the city had responded generously to the request for clothing for the poor. Reports were also received from the city dairy inspector and the municipal court. Several milk and cream selling licenses were granted. The Water and Light Board report on finances was referred to the finance committee.

In response to the request of the Minnesota League of Municipalities to the city council to send delegates to the meeting called for November 19 and 20 in the State Capitol building at which Governor Theodore Christianson will deliver the main address, the council postponed the naming of the delegates till the next meeting.

In regard to this, Alderman Quarnstrom declared that he did not wish to be named a representative as he was planning to attend the Minnesota homecoming game with Michigan on November 20 "even if he had to walk down to get there." He said he was praying that Minnesota would beat Michigan.

City Engineer Campbell reported that the sewer in Block 170 had been flushed but results could not be expected yet.

HALLOWE'EN PARTY

Beginners and Primary Departments of Swedish Bethany Church Merry-makers

The Beginners and Primary departments of the Swedish Bethany Sunday school enjoyed a Halloween party Saturday afternoon in the church basement. The teachers entertaining were the Misses Florence Swanson, Esther Fogelstrom, May Anderson and Mrs. Arthur Anderson.

In the evening the Intermediate

department also had a costume party in the basement. Mr. and Mrs. Oscar Swanson and Miss Carrie Erickson, entertaining. The rooms were beautifully decorated for both occasions and delicious lunches were served.

Entertain at Duck Dinner
Mr. and Mrs. Henry C. Stein entertained last evening at a duck dinner at their home 523 N. E. Third Ave. There were 15 guests.

COAST GUARD DUTIES TOLD

Donald McKay and Lloyd Jones Hold Distinctive Honors in State

BOTH LOCAL BOYS

Have Passed Entrance Requirements And Are Now Stationed at New London, Conn.

Many people have often asked what the nature of the United States Coast Guard duties really are and the following is printed for the benefit of young men who wish to take examinations that will enable them to enter an academy and others that may be interested.

Donald McKay son of Mr. and Mrs. C. D. McKay of 607 Holly street and Lloyd Jones son of Mr. and Mrs. E. H. Jones have the distinction of being the only two boys from the state of Minnesota who have successfully passed the entrance requirements and are now stationed at New London, Conn. The boys are both graduates of the local high school and Brainerd can be proud of their achievement. The following is taken from a New London paper:

"The varied nature of the duties that the United States Coast Guard is called upon to perform is clearly emphasized in the report on the summer's activities of Section Base 18 located at Woods Hole, Mass., just made by Ensign B. Jordan, commander of the base to William H. Munter, head of the New London Patrol area. Ensign Jordan is a recent graduate of the Coast Guard academy at Fort Trumbull and has been in command of the Woods Hole base for the past year.

The saving of lives at sea, the rescue of ships in distress, the fighting of fires, salvage of drifting fishermen's nets and clearing of channels have all been a part of the day's work for the very little gray picket boats that patrol the treacherous waters of Buzzard's bay and Vineyard Sound.

"People seem to think that because it is a regular part of our duties to board and search vessels for liquor that we have become no more than a prohibition enforcement crew," said Ensign Jordan. "It is true that search for smugglers has always been an important part of the service since its foundation in 1790. I'm proud of the fact that this section, formerly known as a golden gate for bootleggers, has had its spigots turned off. For fifty miles from the tip of Cape Cod to off Newport, 'twelve miles out' today means nothing, though two years ago there were 50 boats anchored over that stretch. Out of the 375 boats boarded and searched during July, the heaviest month, there was not a single liquor violation."

Quoting a recent letter from Donald McKay, he writes, "Well, here is some good and bad news. I am not coming home for Xmas, but we are going to graduate on January 31. Oh Boy! I do not know what to say."

We are going to have 22 hours of recitation a week so will be more busy than usual.

The cry now is "96 more days." The news came today during English, when the executive officer announced that there would be no more English and then explained—of course, we objected.

My last month's marks are: Navigation 87, Signals 97, Ordnance 90, Steam 92, Radio 88, Naval architecture 87, Navigation law 77, English (public speaking) 84.

Scout Troop No. 1 Held Halloween Party Last Evening

AT M. E. CHURCH

Evening Spent in Games, Stunts, Talks, and Musical Entertainment

Boy Scout Troop No. 1 of the First M. E. church entertained with a Halloween party to 55 people last evening in the social rooms of the church.

The rooms were gayly decorated with witches, cats, pumpkins, streamers giving the appearance of a ghostly and mystifying occasion.

As the doors were opened at 7 p. m. all the guests were present ready to enter into the activities of the evening.

An enjoyable program had been arranged beforehand consisting of many interesting games, stunts, talks and musical selections.

The program follows:
Shadow Movies—Ellison, Quirk and Peterson.

Writing of Last Wills—By all.

Obstacle Race—Girls vs. Boys.

Musical Chairs—By all with Miss Clausen at piano.

Piano solo—Miss Kinney.

Vocal selections—Chaucer Chaing.

Piccolo solo—Chaucer Chaing.

Scouting—Scout Executive P. B. Newton.

Talk—Rev. Morris L. Evers.

Fruit Hunt—By all.

A Nosey Contest—By all.

Vocal selection—By Scouts' chorus.

Luncheon—By the whole gang.

Bobbing for apples—By the ducks.

Good Night Ladies—By Miss Clausen.

The party adjourned at 10:15 p. m. Scoutmaster Ericson of the Troop extended his many thanks to the mothers who donated to the success of the party.

Electric Cords

Don't let the electric cord rub unnecessarily. By rubbing is meant friction with the sharp tops, or legs, the corner of woodwork and stoves—anything which will abrade the insulation fabric. Unnecessary rubbing is second only to unnecessary kinking as a cause of appliance cord trouble, and, like the latter, is in large measure preventable.

American Legion Corner

The American Legion held a snappy meeting last evening in their club rooms in the Juel block. The committee on the dance for Armistice night reported and everything is in readiness for this big event.

On the 18th of November the Legion will hold a pep banquet which will be honored by the presence of the state commandery and other officers. This is scheduled as "The night of all nights."

A big drive for members for 1927 started with a bang last night with two teams in the drive. One team is lead by Earl O'Brien and the other by Kirk Smith. The losers will do the K. P. duty at the pep banquet Nov. 18, when the big drive comes to a finish.

Many members of the local Legion attended "The Big Parade" Sunday at the New Park theatre. It brought back the days of 1917-18.

FRED ANDERSON DIED SUNDAY

Passed Away at N. P. Hospital in St. Paul After Two Months Illness

WAS 48 YEARS OLD

Survived by Wife and 8 Children; Was an Employee of N. P. Railway

Fred Anderson, age 48, died Sunday morning at 1:30 o'clock at the N. P. hospital in St. Paul, from a complication, having been sick two months. He was employed as a boilermaker helper in the Northern Pacific railway shops.

He leaves a wife, and eight children; five boys, Albert, Everett of California, Carl of Minneapolis, Elmer, and Hilding; three girls, Mrs. Grant Kilsbury of Minneapolis, Miss Jennie Anderson of Minneapolis, and Miss Dorothy Anderson of Brainerd.

The funeral will be held Wednesday afternoon at 2 o'clock from the residence 1607 Norwood street Southeast and at 2:30 o'clock from the Clara Lutheran church, Rev. August Samuelson officiating. Interment will be in Evergreen cemetery.

DE MOLAYS HOLD SPECIAL MEET

Roy E. Dickerson, of the Grand Council Will Deliver Main Address

TOMORROW EVENING

Will be Held at Masonic Hall; Advisory Council Will Entertain

The Order of DeMolay of Brainerd will hold a special meeting tomorrow evening at 8 o'clock at the Masonic hall.

Roy E. Dickerson, head of the program and activity committee of the Grand Council will be in attendance and deliver the main address.

A special invitation has been extended to Master Masons to attend this meeting.

Prior to the meeting Mr. Dickerson will be entertained by the Advisory Council at a luncheon at the Ransford hotel.

Jack Anderson is master counselor of the local DeMolay.

Uses of Sawdust

Be not scornful of sawdust. It used to be a problem for sawmills. Today it is extensively used in making linoleum, dolls, dynamite, phonograph records and radio dials.

CITATION FOR HEARING ON PETITION FOR PROBATE OF WILL

No. 2952
State of Minnesota, County of Crow Wing, ss., in Probate Court.

In the Matter of the Estate of A. L. Hoffman, Decedent.

The State of Minnesota to All Whom It May Concern:

Whereas, Nettie S. Hoffman of the City of Brainerd, in said County and State, has deposited in this Court an instrument in writing purporting to be the Last Will and Testament of A. L. Hoffman, late of the County of Crow Wing, State of Minnesota, together with her petition praying that said instrument be allowed and admitted to probate, and that letters testamentary be granted thereon to Nettie S. Hoffman, which instrument and petition are on file in this Court and open to inspection; IT IS ORDERED, That said petition be heard on the 15th day of November, 1926, at 10 o'clock A. M., at the Probate Court Rooms in the Court House at the City of Brainerd, in said County and State; that you be and appear before this Court at said time and place and show cause, if any there be, why said petition should not be granted; that you file your objections, if any there be, in writing, in this Court to the allowance of said will, before said hearing; and that this citation be served by the publication thereof according to law in the newspaper known as The Brainerd Daily Dispatch.

Witness the Judge of this Court and the Seal thereof this 14th day of October, 1926.
L. B. KINDER, Probate Judge.
MAL CLARK, Attorney for Petitioner. 11713Tues

See These Aprons They are Five Beauties

Not often are we able to offer such an unusual value in stamped aprons as these are.

Three of the patterns are stamped on unbleached muslin, one on blue and one on pink barred muslin.

The patterns are clever and attractive, designed so that the working of them is rapid and fascinating.

The worked models are all on display so that you can tell at a glance just how they will look when finished and helps so much in choosing the threads.

You will agree when you see them that for the price they are much under the usual price, and it was only by taking this quantity that we were enabled to pass this bargain on to you.

DISCUSS NEED OF BUILDING HOSE TOWER

City Council Takes Into Consideration Building of Tower at Fire Hall

REFERRED TO COMMITTEE

City Clerk Authorized to Advertise for Bids on 500 Feet of Fire Hose

When the question came up of purchasing 500 feet of fire hose to keep the amount of hose at the city fire department up to standard, the city council at their regular meeting last night passed a resolution authorizing the city clerk to advertise for bids for the amount of hose required, the bids to be received at the next council meeting.

The matter also brought forth a discussion relative to providing adequate storage and drying location for the hose while at rest at the fire hall.

While opinions were varied, it was generally conceded that a tower was needed for the hanging of the hose. Chief McGinn when asked for his advice told the council that under the present conditions many feet of hose was yearly wasted on account of wear while not in use. He felt that a tower would undoubtedly eliminate this.

The matter was then voiced that with the erection of a tower it would undoubtedly have to be torn down should the council decide to build an addition to the present fire hall unless the hose tower was built where it would not be affected by any change made in the building.

The matter was referred to the City Engineer, Fire Committee and Fire Chief to consider the advisability of building a tower.

The question of advertising for bids for the hose which is an expensive item brought forth another discussion from another angle. Members of the council wanted to know if it would be good business to advertise in supply magazines but Mrs. E. T. Fleener, city clerk, promptly replied that by advertising in the Brainerd Daily Dispatch all firms desiring to bid on the hose would do so as they all took the local paper. She stated that by advertising for bids in the Dispatch, the council had always received good results. W. J. Lyons, president of the city council also boosted the Dispatch when he stated that the paper was taken by companies all over the world.

W. D. McKay, secretary of the Water and Light Board informed the council that Open Well No. 2 was now completed and ready for its equipment. The council passed a resolution authorizing the city clerk to advertise for bids on equipment for the open well to be opened at a special meeting to be held November 22.

Mr. McKay also requested permission to construct a vault in the basement of the city hall as the present vault which was used by the City and the Water and Light Department was much too small for the business. The request was granted, the expenses to be met by the Water and Light Department.

The matter of purchasing Fire Fyter extinguishers for use on the fire truck was referred to the Fire Committee.

Miss Eula Michael, city health nurse in her report stated that the city had responded generously to the request for clothing for the poor. Reports were also received from the city dairy inspector and the municipal court. Several milk and cream selling licenses were granted. The Water and Light Board report on finances was referred to the finance committee.

In response to the request of the Minnesota League of Municipalities to the city council to send delegates to the meeting called for November 19 and 20 in the State Capitol building at which Governor Theodore Christianson will deliver the main address, the council postponed the naming of the delegates till the next meeting.

In regard to this, Alderman Quantstrom declared that he did not wish to be named a representative as he was planning to attend the Minnesota homecoming game with Michigan on November 20 "even if he had to walk down to get there." He said he was praying that Minnesota would beat Michigan.

City Engineer Campbell reported that the sewer in Block 170 had been flushed but results could not be expected yet.

HALLOWE'EN PARTY

Beginners and Primary Departments of Swedish Bethany Church Merry-makers

The Beginners and Primary departments of the Swedish Bethany Sunday school enjoyed a Halloween party Saturday afternoon in the church basement. The teachers entertaining were the Misses Florence Swanson, Esther Fogelstrom, May Anderson and Mrs. Arthur Anderson.

In the evening the Intermediate

department also had a costume party in the basement. Mr. and Mrs. Oscar Swanson and Miss Carrie Erickson, entertaining. The rooms were beautifully decorated for both occasions and delicious lunches were served.

Entertain at Duck Dinner

Mr. and Mrs. Henry C. Stein entertained last evening at a duck dinner at their home 523 N. E. Third Ave. There were 15 guests.

COAST GUARD DUTIES TOLD

Donald McKay and Lloyd Jones Hold Distinctive Honors in State

BOTH LOCAL BOYS

Have Passed Entrance Requirements And Are Now Stationed at New London, Conn.

Many people have often asked what the nature of the United States Coast Guard duties really are and the following is printed for the benefit of young men who wish to take examinations that will enable them to enter an academy and others that may be interested.

Donald McKay son of Mr. and Mrs. C. D. McKay of 607 Holly street and Lloyd Jones son of Mr. and Mrs. E. H. Jones have the distinction of being the only two boys from the state of Minnesota who have successfully passed the entrance requirements and are now stationed at New London, Conn. The boys are both graduates of the local high school and Brainerd can be proud of their achievement. The following is taken from a New London paper:

"The varied nature of the duties that the United States Coast Guard is called upon to perform is clearly emphasized in the report on the summer's activities of Section Base 18 located at Woods Hole, Mass., just made by Ensign B. Jordan, commander of the base to William H. Munter, head of the New London Patrol area. Ensign Jordan is a recent graduate of the Coast Guard academy at Fort Trumbull and has been in command of the Woods Hole base for the past year.

The saving of lives at sea, the rescue of ships in distress, the fighting of fires, salvage of drifting, fishermen's nets and clearing of channels have all been a part of the day's work for the nifty little gray picket boats that patrol the treacherous waters of Buzzard's bay and Vineyard Sound.

"People seem to think that because it is a regular part of our duties to board and search vessels for liquor that we have become no more than a prohibition enforcement crew," said Ensign Jordan. "It is true that search for smugglers has always been an important part of the service since its foundation in 1790. I'm proud of the fact that this section, formerly known as a golden gate for bootleggers, has had its spigots turned off. For fifty miles from the tip of Cape Cod to off Newport, 'twelve miles out' today means nothing, though two years ago there were 50 boats anchored over that stretch. Out of the 375 boats boarded and searched during July, the heaviest month, there was not a single liquor violation."

Quoting a recent letter from Donald McKay, he writes, "Well, here is some good and bad news. I am not coming home for Xmas, but we are going to graduate on January 31. Oh Boy! I do not know what to say.

McPHERSON CASE CONTINUES TO DRAG ALONG

REOPENING OF PRELIMINARY
HEARING NOW APPEARS
POSSIBILITY

TO DECIDE OWNERSHIP OF GAR-
MENTS FOUND IN TRUNK
IN NEW YORK

Los Angeles, Cal., Nov. 1.—(UP).—Reopening of the preliminary hearing in the case of Almee Semple McPherson, accused with others of conspiring to obstruct justice in connection with her alleged kidnapping, appeared a possibility today. District Attorney Asa Keyes announced that he would call two friends of the evangelist for questioning regarding ownership of garments, said to have been found in a trunk belonging to Kenneth G. Ormiston, missing radio operator.

The trunk was located in a New York hotel whence Ormiston is thought to have fled after hiding there a month. It is now en route to this city consigned to the district attorney.

Miss Emma Schafer, private secretary to Mrs. McPherson, and Mrs. Elizabeth Frame, an associate, are the women to be questioned.

The mark of a cleaning establishment said to have been found on one of the dresses in the trunk, has been traced to the evangelist's secretary, it was reported.

Photographic negatives of a mass of important evidence in the McPherson case were destroyed last night in the office of the Los Angeles Times in what is believed to have been an incendiary fire.

In a radio address last night Mrs. McPherson ridiculed the evidence which has been presented and called the Ormiston trunk a "frame up."

"I will receive the greatest shock of my life if something of mine has not been planted in that trunk," she said.

The evangelist today charged that the trunk "found" in New York had been filled with her clothing by a newspaper organization which is paying thousands of dollars to have her prosecuted.

"If any of my clothing is in the trunk, which a certain Los Angeles newspaper and District Attorney Keyes claims was taken to New York by Ormiston, it was stolen," Mrs. McPherson said.

"Newspapermen and others have had free access to my home for many months—certain newspaper interests are concerned in my prosecution and a gigantic conspiracy is under way to defame my character and ruin my religious organization."

2 MAIL ORDER HOUSES MAY EFFECT MERGER

Chicago, Nov. 2.—(UP).—The two largest mail order houses in the country, Montgomery Ward & Co. and Sears-Roebuck company, plan to consolidate, according to authentic La Salle street information. The consolidation would have a combined aggregate of assets that would exceed \$225,000,000.

The merger, according to the reports, originated among larger stockholders of the two companies and has reached a stage where governmental approval of the consolidation will be asked.

The tentative plan, according to information received, is the formation of a new company to absorb the present companies and an exchange of stock of the new concern for that of the two old companies.

It was estimated that the merger would effect a saving of \$10,000,000 to \$15,000,000 yearly in operating expenses. The outlay of both houses for catalogues alone now runs between \$15,000,000 and \$20,000,000 and about one-third of this could be saved, according to the information.

The present companies are among the oldest in the mail order field and do an extensive business in the agricultural districts.

The merger would result in an annual volume of business around \$450,000,000.

The largest interest in Sears-Roebuck is held by Julius Rosenwald of Chicago. La Salle street estimating that he holds around three quarters of the 4,200,000 shares of no par capital stock now outstanding. Taking yesterday's market price of \$52 as a basis, Rosenwald's holding would total almost \$164,000,000.

J. P. Montgomery & Co., of New York, holds the largest interest in Montgomery Ward & Co. This interest is said to be around one-third of the 1,141,251 shares of \$10 par common stock outstanding. These holdings at yesterday's market price of \$66 would total around \$25,000,000.

The total combined business this year is expected to exceed \$470,000,000. Net earnings of Sears-Roebuck last year were \$20,975,304, equivalent to \$5.22 a share on the present stock which was split on a 4 for 1 basis last spring and put on a \$2.50 annual dividend basis. Net earnings of Montgomery Ward were \$11,358,493, equivalent to \$8.06 on the common stock.

Chicago, Oct. 26.—(UP).—Silas H.

Strawn, chairman of the board of directors of Montgomery Ward & Co., today flatly denied that a merger of his company with Sears-Roebuck & Co. had even been contemplated.

"As far as I know," Strawn said, "no such action has been contemplated."

"And I know that the matter has never been before the board of directors," he added.

Despite Strawn's statement stock in the two companies continued to sell at more than two points higher than yesterday's closing prices.

LIVESTOCK, PRODUCE AND GRAIN MARKETS

CHICAGO LIVESTOCK

Chicago, Nov. 2.—(By Department of Agriculture)—CATTLE—Receipts 12,000. Yearlings scarce, active strong; little done on heavies, few sales steady; 1,101 lbs long yearlings; 12.20; stockers and feeders unchanged; the run included 2,500 west or grassers; she stock steady to strong; bulls steady to weak; vealers uneven, 50c higher to outsiders at \$12.50, steady to the packers.

SHEEP—Receipts, 12,000. Market Active; fat lambs strong to 25c higher; no fat westerns sold; top native city butchers \$14; bulk \$13.50; 13.75; culls strong to 25c higher at \$13.50; a few at \$9.50; sheep steady; bulk fat ewes \$5.50; feeders \$12.75; \$13.50.

HOGS—(Soft or oily hogs and roasting pigs excluded)—Receipts, 30,000. Market steady, 10c lower. Top \$13.25. Bulk \$11.75; 13.15. BURGLARS NOT
ABLE TO REACH
TAX RECEIPTS

Owatonna, Minn., Nov. 1.—(UP).—Burglars who broke into the Steele county court house Sunday night were unable to reach tax receipts for the week end, it was discovered today.

The intruders broke into the basement of the court house and made their way into the county treasurer's office, but were unable to hammer off the combination dial of the vault in which the tax receipts had been placed over the week end.

The attempted robbery was discovered today when County Treasurer Armin J. Bosshard opened the office vault, but awaited the arrival of finger print experts.

Bloodhounds also will be brought to his office in the hope that they may pick up the trail of the burglars. However, it is assumed the trail probably will be cold.

Bosshard also announced that the vault contained about \$5,000 including less than \$1,000 in currency and silver and the remainder in checks.

AROUSED BY ATTEMPT TO KILL MUSSOLINI

LEADERS OF FASCIST PARTY DEMAND
DEATH PENALTY FOR
CRIMINALS

THAT IT BE INVOKED AGAINST
ALL CONSPIRING TO TAKE
PREMIERS LIFE

Rome, Nov. 2.—(UP).—Thoroughly aroused by the latest attempt to assassinate Premier Mussolini, leaders of the fascist party today were demanding that the death penalty be invoked against those who attempt or conspire to take the life of Il Duce.

The cry for vengeance and a warning to plotters has been voiced by Secretary General Turati, who demanded death for the three men in jail for previous attempts to kill the premier.

The hacked and battered body of the youth who fired at Mussolini on Sunday has been identified as that of Antonio Zamponi, the 15 year old son of a Bologna business man. The father and brother of the youth have been arrested in the roundup of suspects.

Despite expressions of opinion that the boy acted upon his own initiative, the general impression is that it was part of a plot, which, according to the fascist labor paper, Lavoro D'Italia, has wide ramifications.

MILWAUKEE VOTE LESS THAN IN 1924

Milwaukee, Wis., Nov. 2.—(UP).—Showing less than one-half of the noon vote of the 1924 election, the vote from all city precincts at noon today totaled 17,699 ballots. Two years ago when the presidential election caused more interest, the total vote here at noon was 39,932.

The vote here at noon today, however, was somewhat larger than the total vote at noon of the primary election in September. The total noon primary vote was 13,666.

MICKIE SAYS—

DON'T GET MAD IF MY PAPER STOPS COMING. WE HATE TO DROP YOU OFF 'TIL LATE AS MUCH AS WE HATE TO BE DROPPED, BUT WE GOTTA HAVE OUR MONEY. ER WE CAN'T SEND 'TH PAPER! THAT'S 'TH LAW! YESSIR!

RUPTURE EXPERT HERE

Seeley Co.'s truss expert from Chicago will personally be at the Ransford Hotel, and will remain in Brainerd Saturday and Sunday only, Nov. 5 and 7. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions." Warning—All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. Our representative will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

P. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley. Home Office: 117 No. Dearborn St., Chicago.

Every-Day Life Seen in "Family Upstairs"

The story of "The Family Upstairs," which opens tonight at the Lyceum, is a faithful transcript of the daily life of an American family in moderate circumstances, according to J. C. Blystone, who directed

VIRGINIA VALLI IN "THE FAMILY UPSTAIRS" WHICH HAS A FASCINATING ATTRACTION FOR FILM VERSION OF HARRY DELF'S INTENSELY HUMAN COMEDY.

The action is laid in New York but it might happen anywhere.

Virginia Valli is the bashful girl who never had a sweetheart. Allan Simpson is the young bank clerk, J. Farrell MacDonald is cast as the hard-working but under-paid car inspector. Lillian Elliott is the fussy but well-meaning Mother Heller.

Presbyterian Guild
The First Presbyterian Guild was entertained last evening at the summer home of Mr. and Mrs. J. A. McKay on Gull Lake. Members left immediately after school for the lake and enjoyed a most delicious supper. One of the features of the evening was an enjoyable treasure hunt.

"Protecting the Children"

By the time the average adult has reached the age of 25 or 30 years, they have been infected with tuberculosis. There is a great difference between having the bacillus obtain a foothold and the development of a definite undecipherable disease. It is possible to prevent the wholesale infection of the human race and

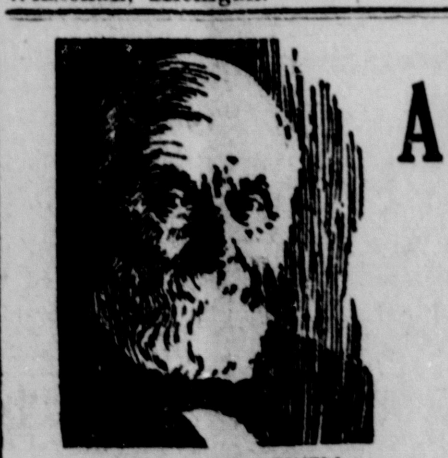

RUPTURE SHIELD EXPERT HERE

E. J. Meinhardt, the well known expert from Chicago, will personally be at the Buckman Hotel, Little Falls, Minn., on Wednesday, Nov. 3rd, from 9 A. M. to 5 P. M. He will also be at the Ransford Hotel, Brainerd, Minn., on Thursday, Nov. 4th, from 9 A. M. to 5 P. M. and on Friday, Nov. 5th, from 9 A. M. to 12 noon.

Mr. Meinhardt says "The Vacuum Rupture Shield" will not only hold the rupture perfectly, but will contract the opening in 30 days on the average case—usually giving instantaneous relief withstanding all strain regardless of the size and location of the Rupture.

WARNING: Do not expose yourself to the danger of wearing old-style trusses with understraps. These trusses usually place the pad on the lump and not on the rupture opening. This often causes strangulation which usually necessitates an immediate surgical operation or results in sudden death. "The Vacuum Rupture Shield" has no understraps, no straps around the body or legs. It is also perfectly sanitary and practically indestructible, and should be worn while bathing. Only gentlemen are invited to call at this time as a special visit will be made here later for women and children.

Notice: "The Vacuum Rupture Shield" can not be fitted by mail. Every case must be seen personally. Please note the above dates and hours carefully. Strictly no charge for demonstration. Address all correspondence to E. J. Meinhardt Co., Whitehall, Michigan.

DR. W. B. CALDWELL AT THE AGE OF 93

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils. While he knew that constipation was the cause of nearly all children's little ills, he constantly advised mothers to give only a harmless laxative which would help to establish natural bowel "regularity."

In Dr. Caldwell's Syrup Pepsin mothers have a regulating laxative which they can depend upon whenever a child is constipated, bilious, feverish or sick from a cold, indigestion or sour stomach. All children love its pleasant taste.

Buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin," Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself how perfectly it cleanses and regulates the bowels of infants and children.

every means must be used in preventing the development of the disease.

The most dangerous time in which to come in contact with the germ is before the fourth year. The best means of preventing such a contact is a sanatorium such as we have in this community. Many infants are sacrificed by exposure to parents who are unaware that they have the disease. Therefore, we urge you who have children to come to our clinics for examination if you are at all doubtful about your condition of health. If you are not situated so as to come to clinics, go to your family physician and he will give you good advice.

City and town dwellers are frequently exposed to tuberculosis. We are convinced that the dangers of development of tuberculosis increases if this exposure takes place before the age of 25. Tuberculosis decreases in frequency from the age of 5 or 6 to about 15, then begins to increase and reaches its height in the third decade. About 50 per cent of all children harbor the bacillus by the 15th year and the percentage increases with age.

By Ernest L. Strader, M. D.

FIRST RETURNS FROM MASSACHUSETTS

Mashpee, Mass., Nov. 2.—(UP).—Senator William M. Butler, personally endorsed by President Coolidge and chairman of the republican national committee, led David I. Walsh, his democratic opponent for United States senator nearly 4 to 1 in first returns from Massachusetts today. The returns made shortly after the polls closed at noon, were for this town and gave Butler 47 and Walsh 12. For governor the town gave Fuller, republican, 58; Gaston, democrat, 12.

Each Day's Struggle

The average day begins with struggle, the struggle of beginning it at all.—Constance L. Smith.

HELP KIDNEYS BY DRINKING MORE WATER

Take Salts to Flush Kidneys and Help Neutralize Irritating Acids

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation.—Advt.

A Child's Laxative which Mothers Can Rely On

Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he constantly advised mothers to give only a harmless laxative which would help to establish natural bowel "regularity."

In Dr. Caldwell's Syrup Pepsin mothers have a regulating laxative which they can depend upon whenever a child is constipated, bilious, feverish or sick from a cold, indigestion or sour stomach. All children love its pleasant taste.

Buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin," Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself how perfectly it cleanses and regulates the bowels of infants and children.

McPHERSON CASE CONTINUES TO DRAG ALONG

REOPENING OF PRELIMINARY HEARING NOW APPEARS POSSIBILITY

TO DECIDE OWNERSHIP OF GAR- MENTS FOUND IN TRUNK IN NEW YORK

Los Angeles, Cal., Nov. 1.—(UP)—Reopening of the preliminary hearing in the case of Almee Sempie McPherson, accused with others of conspiring to obstruct justice in connection with her alleged kidnapping, appeared a possibility today. District Attorney Asa Keyes announced that he would call two friends of the evangelist for questioning regarding ownership of garments, said to have been found in a trunk belonging to Kenneth G. Ormiston, missing radio operator.

The trunk was located in a New York hotel whence Ormiston is said to have fled after hiding there a month. It is now en route to this city consigned to the district attorney.

Miss Emma Schaefer, private secretary to Mrs. McPherson, and Mrs. Elizabeth Frame, an associate, are the women to be questioned.

The mark of a cleaning establishment said to have been found on one of the dresses in the trunk, has been traced to the evangelist's secretary, it was reported.

Photographic negatives of a mass of important evidence in the McPherson case were destroyed last night in the office of the Los Angeles Times in what is believed to have been an incendiary fire.

In a radio address last night Mrs. McPherson ridiculed the evidence which has been presented and called the Ormiston trunk a "frame up."

"I will receive the greatest shock of my life if something of mine has not been planted in that trunk," she said.

The evangelist today charged that the trunk "found" in New York had been filled with her clothing by a newspaper organization which is paying thousands of dollars to have her prosecuted.

"If any of my clothing is in the trunk, which a certain Los Angeles newspaper and District Attorney Keyes claims was taken to New York by Ormiston, it was stolen," Mrs. McPherson said.

"Newspapermen and others have had free access to my home for many months—certain newspaper interests are concerned in my prosecution and a gigantic conspiracy is under way to defame my character and ruin my religious organization."

The tentative plan, according to information received, is the formation of a new company to absorb the present companies and an exchange of stock of the new concern for that of the two old companies.

It was estimated that the merger would effect a saving of \$10,000,000 to \$15,000,000 yearly in operating expenses. The outlay of both houses for catalogues alone now runs between \$15,000,000 and \$20,000,000 and about one-third of this could be saved, according to the information.

The present companies are among the oldest in the mail order field and do an extensive business in the agricultural districts.

The merger would result in an annual volume of business around \$450,000,000.

The largest interest in Sears Roebuck is held by Julius Rosenwald of Chicago, La Salle street estimating that he holds around three quarters of the 4,200,000 shares of no par capital stock now outstanding. Taking yesterday's market price of \$52 as a basis, Rosenwald's holding would total almost \$104,000,000.

J. P. Montgomery & Co., of New York, holds the largest interest in Montgomery Ward & Co. This interest is said to be around one-third of the 1,141,251 shares of \$10 par common stock outstanding. These holdings at yesterday's market price of \$66 would total around \$25,000,000.

The total combined business this year is expected to exceed \$470,000,000. Net earnings of Sears Roebuck last year were \$20,975,304, equivalent to \$5.22 a share on the present stock which was split on a 4 for 1 basis last spring and put on a \$2.50 annual dividend basis. Net earnings of Montgomery Ward were \$11,358,493, equivalent to \$3.06 on the common stock.

Chicago, Oct. 26.—(UP)—Silas H.

Strawn, chairman of the board of directors of Montgomery Ward & Co., today flatly denied that a merger of his company with Sears Roebuck & Co. had even been contemplated.

"As far as I know," Strawn said, "no such action has been contemplated."

"And I know that the matter has never been before the board of directors," he added.

Despite Strawn's statement stock in the two companies continued to sell at more than two points higher than yesterday's closing prices.

AROUSED BY ATTEMPT TO KILL MUSSOLINI

LEADERS OF FASCIST PARTY DE- MAND DEATH PENALTY FOR CRIMINALS

THAT IT BE INVOKED AGAINST ALL CONSPIRING TO TAKE PREMIERS LIFE

Rome, Nov. 2.—(UP)—Thoroughly aroused by the latest attempt to assassinate Premier Mussolini, leaders of the fascist party today were demanding that the death penalty be invoked against those who attempt or conspire to take the life of Il Duce.

The cry for vengeance and a warning to plotters has been voiced by Secretary General Turati, who demanded death for the three men in jail for previous attempts to kill the premier.

The backed and battered body of the youth who fired at Mussolini on Sunday has been identified as that of Anteo Zamponi, the 15 year old son of a Bologna business man. The father and brother of the youth have been arrested in the roundup of suspects.

Despite expressions of opinion that the boy acted upon his own initiative, the general impression is that it was part of a plot, which, according to the fascist labor paper, Lavoro D'Italia, has wide ramifications.

MILWAUKEE VOTE LESS THAN IN 1924

Milwaukee, Wis., Nov. 2.—(UP)—Showing less than one-half of the noon vote of the 1924 election, the vote from all city precincts at noon today totaled 17,699 ballots. Two years ago when the presidential election caused more interest, the total vote here at noon was 39,932.

The vote here at noon today, however, was somewhat larger than the total vote at noon of the primary election in September. The total noon primary vote was 13,666.

SAYS RED PEPPER
HEAT STOPS PAIN
IN FEW MINUTES

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once.

Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Be sure to get the genuine, with the name Rowles on every package.

ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthosulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles Menthosulphur from any good druggist.

SAGE TEA TURNS GRAY HAIR DARK

That beautiful, even shade of dark glossy hair can only be had by application of two of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an brewing a mixture of Sage and Sulphur enhances its appearance a hundred-fold. Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for only 75 cents, all ready for use.

It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.
